MINNESOTA STATE LAW LIBRARY

To whom it may concern Brief

The day before the incident I had taken off work early to go to the Dr. office to change my persaction which he did. So that night I took them when I awoke I was a little tired groggy but felt I'll make it thew ~~they~~ the day after lunch. I was checking box of ~~[illegible]~~ mice and fell asleep the supervicer came + asked me what happen. I took her. The all in question are seroquel 100mg 1 amitriptyline 100mg. As you can see before that night. I was taking seroquel 25mg + 50mg of amitriptylin. well that night I took 2 amitriptyline 100mg + 2 seroquel. I was under the impression they were the same dose just instead of ~~[illegible]~~ I took 2 of each. ~~[illegible]~~ When I got home I looked at the bottles ~~[illegible]~~ 100mg seroquel + 100mg amitriptiline and they said that was 6x the amount I was use to, that I took 1 of each + didn't have a problem. As you may no the first time you ~~[illegible]~~ ~~[illegible]~~ riton take a new persaction you dont if it is too stong or ~~[illegible]~~ to little. Ovalisy it was to stong. I would also ~~[illegible]~~ like to point out if I was on ~~[illegible]~~ ~~Illegal~~ Illegal ~~[illegible]~~ drugs

such as weed ~~and~~ alcohol, coke
heroin, I would be give the chance to
go to treatment. So I can't figure
it out that I taken perscription
drugs that I was fired as you can
see I've been sleeping all
since I got the job 10-30-02. And
as far the judge said about the
telephone conferment. I told him
I was in jail he seem to think that
was not enough what else could I
say I gave him by booking it so he
could ~~verify~~ verify what I said. So in
~~closing~~ closing all I ask that
you look at this and judge on what
I have said. I certain shoud not be fired
for this isolated incident I have been
there 7 seven yrs. Thank you
