

PROTECT YOUR BOOKS

The cost of "Wernicke" Book Cases is a small item in comparison with the value of the books that they will accommodate. Books deteriorate rapidly when exposed to dust and atmosphere, but if housed in dust-proof cases they will remain as good as new except for general handling and will be worth much more to sell again than similar books from open shelves.

The "Wernicke System" contains every feature necessary in a perfect Book Case.

They are always the right size.

They afford the best protection to books.

They are made of the finest materials.

The doors do not warp, sag or hang open.

They are as convenient as an open shelf.

They are not expensive, but in reach of all.

Satisfaction Guaranteed.

We don't change when we get a new model. We have this year the same line of Hoes as we have had for years.

Lowest prices? per foot. Want Good Hoes? Leaders in the line of Hoes? We have them. Very fine Hoes that can't be equaled at the price of 2 cents per foot more.

One and one-half per foot.

Noted. Men, Sprinklers, etc. If you have a serious engine, get one of our FAN SPRINKLERS. It's worth the money. We show our customers what our Hoes are.
