

Minnesota Health Care Financing Task Force

DECEMBER 18, 2015
EAGAN COMMUNITY CENTER
1501 CENTRAL PARKWAY, EAGAN, MN
NOON – 2 PM

MINNESOTA
HEALTH CARE
FINANCING
TASK FORCE

Task Force Vision and Goals

Vision: Sustainable, quality health care for all Minnesotans

Guiding Principles

Realistic: The task force will make recommendations that can realistically be implemented.

High Value Impact: The task force will seek recommendations that have high value and are meaningful to Minnesota's health care reform efforts.

Holistic Perspective: The task force understands that health care finance and our recommendations do not exist in a vacuum, and are components of the health care and population health systems.

Focus: The task force recognizes that health care financing and system reform is extremely complex and it will contribute to the broader policy debates by focusing its time and attention on the issues it is charged with addressing.

Innovation: The task force is encouraged to identify opportunities for innovation in Minnesota's health care financing and delivery systems which show promise for lowering costs, improving population health and improving the patient experience.
