Minnesota Department of Administration

Minnesota Statutes 16B.24, Subdivision 3a, requires the Commissioner of Administration to report all sales or other transfers of real property owned by the state that have taken place in the preceding calendar year. The report includes a description of each property, reason for the sale, the name of the buyer, and the price for which the property was sold. This does not include real property held by the Department of Natural Resources, the Department of Transportation, or the Board of Water and Soil Resources, (except for real property that has been used for office space by any of those agencies), nor property owned by the University of Minnesota or the Board of Minnesota State Colleges and Universities.

This report covers the period from January 1, 2014 to December 31, 2014.
