

Office Memorandum

Date: August 8, 2016
To: Agency Payroll and Accounting Staff
From: Mary Muellner, Director, Statewide Payroll Services
Subject: New Payroll Subject Area Available in SWIFT Data Warehouse

A new Payroll subject area, *Position Funding*, is available in OBIEE (Oracle Business Intelligence Enterprise Edition), the SWIFT Data Warehouse query and reporting tool.

A listing of the available OBIEE Human Resource/Payroll Subject areas is available at:

<https://mn.gov/mmb/accounting/swift/reporting/swift-data-warehouse/hcm-subjects.jsp>.

Running reports in the SWIFT Data Warehouse requires at least one General Warehouse security role, as well as role(s) for the data. For example: the combination of Agency Specific Basic Report Developer and Payroll Funding Salary FTE (Salary Projections/FTE) on the security form roles. All SWIFT Data Warehouse roles can be found on page 10 of the [Security](#) form.

New to OBIEE? The SWIFT Data Warehouse training page includes instruction on OBIEE navigation and running, printing, and exporting OBIEE analyses (reports).

<https://mn.gov/mmb/accounting/swift/reporting/swift-data-warehouse/warehouse-training/>

More detail about these reporting resources can be found on the [SWIFT Data Warehouse Bulletins](#) page.
