

# National Payroll Week September 5-9, 2016

The American Payroll Association has designated September 5-9, 2016, as National Payroll Week. This week is set aside to celebrate the payroll professionals who pay America's 150 million wage earners. All together, they contribute, collect, report and deposit approximately \$2.2 trillion, or 67%, of the annual revenue of the U.S. Treasury.

Minnesota Management & Budget, Statewide Payroll Services, salutes the payroll staff at all State of Minnesota agencies. You pay approximately 50,000 state employees every two weeks, accurately and on time. And over 99.5% are paid by direct deposit. Your efforts are appreciated!

FOUNDED BY THE AMERICAN PAYROLL ASSOCIATION.
