

Minnesota State Internship Application

To be completed by the student and sent directly to the Minnesota state agency(s) selected by the student. Applications should be submitted as early as possible (preferably two or three months before the student wishes to begin the internship).

Most internship opportunities are posted on the Minnesota Management & Budget website, <http://www.mmb.state.mn.us>, and students may obtain agency addresses from this site. If you are interested in an internship at an agency that is not on the website, you may contact that agency's human resource office to inquire regarding possible internship opportunities.

Eligibility: To participate in this program, students must receive academic credit or their academic program must require an internship.

You are not legally required to provide this data, but we may not be able to consider you without it.
