Minnesota Governor's Council on Developmental Disabilities Business Results

Federal Fiscal Year 2026

(October 1, 2025 - September 30, 2026)

FFY 2026
Business Results

Executive Summary

As part of its focus on continuous quality improvement, the Governor's Council on Developmental Disabilities (GCDD) uses data to assess progress on its Five-Year Plan and Annual Work Plan aligned to the Baldrige Criteria. The GCDD analyzes data and compiles it into a Business Results report organized into four key areas: Customer Focus, Financial and Market, Workforce, and Supplier Results.

Although the Council has published Business Results for over two decades, we highlight the past 10 years to show key trendlines and changes over time.

Key highlights for each of the four results areas follow:

Customer Focus:

- Total compliments increased slightly compared to FFY 2025.
- Social media reach and views continue to trend upward.
- The number of PDF downloads and video views declined (partly due to the Minnesota IT department's inability to provide two months of reports)
- The number of print publications distributed increased over the previous year.
- The number of visitors to websites increased.
- Both the Autism 5-Point Scale and the Telling Your Story App downloads increased.

Financial and Market:

- The federal government requires a 25% match for our federal allocation, and that goal has been exceeded annually.

Business Results
Executive Summary

Workforce:

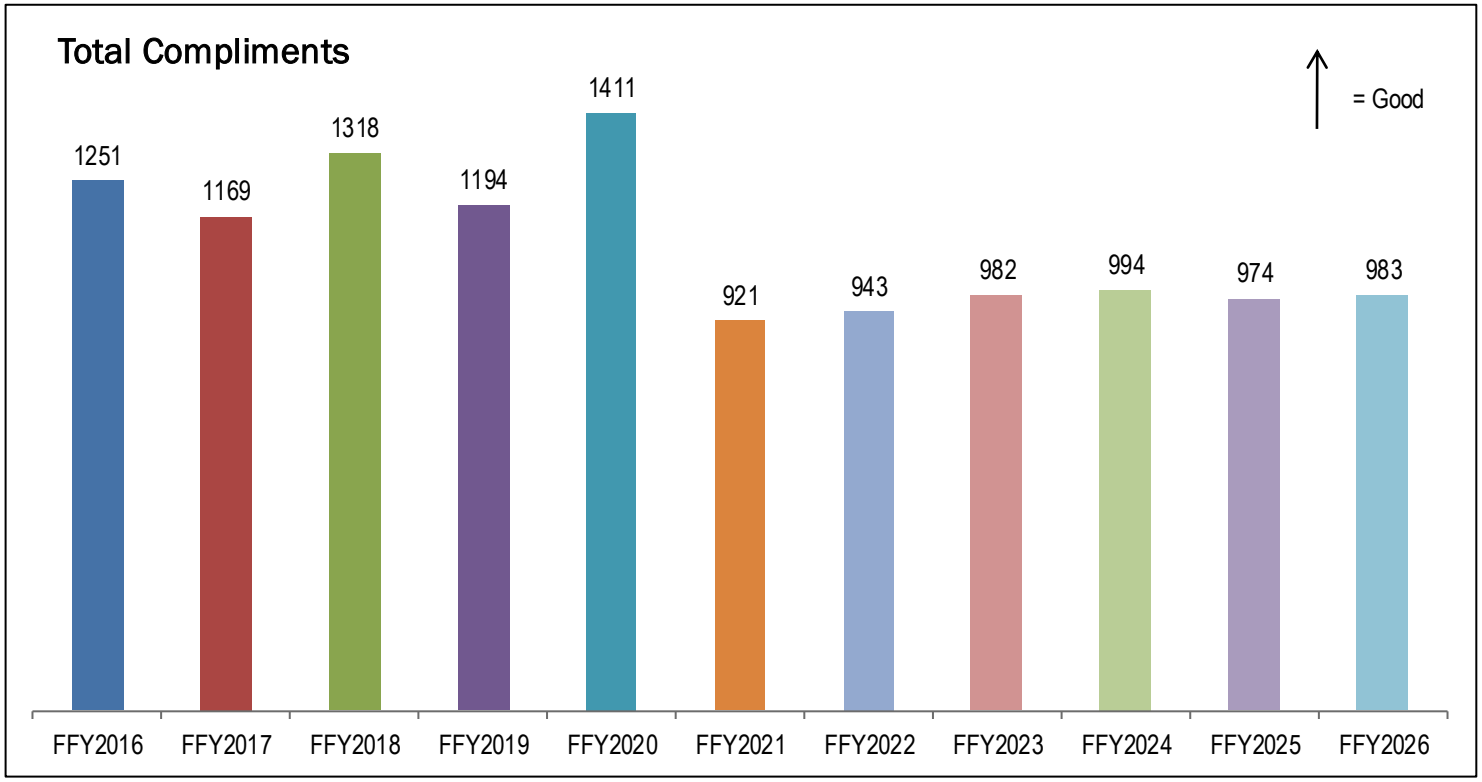

- Training hours for Council members and staff declined compared to FFY 2025.

Supplier/Partner:

- The pre- and post-IPSII scores increased for the Asian Indian cultural outreach program.
- The IPSII scores for Ambassadors for Respect and Employment increased compared to FFY 2025.
- The number of individuals who were employed declined by one person compared to FFY 2025.
- Training conference attendance decreased by 23 people compared to FFY 2025.
