42 USC 201 note.

PART C—GRANTS FOR CONSTRUCTION OF FACILITIES FOR THE MENTALLY
RETARDED

AUTHORIZATION OF APPROPRIATIONS

SEC. 131. There are authorized to be appropriated, for grants for construction of public and other nonprofit facilities for the mentally retarded, \$10,000,000 for the fiscal year ending June 30, 1965, \$12,500,000 for the fiscal year ending June 30, 1966, \$15,000,000 for the fiscal year ending June 30, 1967, and \$30,000,000 for the fiscal year ending June 30, 1968.

ALLOTMENTS TO STATES

SEC. 132. (a) For each fiscal year, the Secretary shall, in accordance with regulations, make allotments from the sums appropriated under section 131 to the several States on the basis of (1) the population, (2) the extent of the need for facilities for the mentally retarded, and (3) the financial need of the respective States; except that no such allotment to any State, other than the Virgin Islands, American Samoa, and Guam, for any fiscal year may be less than \$100,000. Sums so allotted to a State for a fiscal year for construction and remaining unobligated at the end of such year shall remain available to such State for such purpose for the next fiscal year (and for such year only), in addition to the sums allotted, to such State for such next fiscal year.

- (b) In accordance with regulations of the Secretary, any State may file with him a request that a specified portion of its allotment under this part be added to the allotment of another State under this part for the purpose of meeting a portion of the Federal share of the cost of a project for the construction of a facility for the mentally retarded in such other State. If it is found by the Secretary that construction of the facility with respect to which the request is made would meet needs of the State making the request and that use of the specified portion of such State's allotment, as requested
- by it, would assist in carrying out the purposes of this part, such portion of such State's allotment shall be added to the allotment of the other State under this part, to be used for the purpose referred to above.

(c) Upon the request of any State that a specified portion of its allotment under this part be added to the allotment of such State under title II, and upon (1) the simultaneous certification to the Secretary by the State agency designated as provided in the State plan approved under this part to the effect that it has afforded a reasonable opportunity to make applications for the portion so specified and there have been no approvable applications for such portion, or (2) a showing satisfactory to the Secretary that the need for the community mental health centers in such State is substantially greater than for the facilities for the mentally retarded, the Secretary shall, subject to such limitations as he may by regulations prescribe, promptly adjust the allotments of such State in accordance with such request and shall notify such State agency and the State agency designated under the State plan approved under title II, and thereafter the allotments as so adjusted shall be deemed the State's allotments for purposes of this part and title II.

REGULATIONS

60 Stat. 1048.
42 USC 291k.

SEC. 133. Within six months after enactment of this Act, the Secretary shall, after consultation with the Federal Hospital Council (established by section 633 of the Public Health Service Act and hereinafter in this part referred to as the "Council"), by general regulations applicable uniformly to all the States, prescribe—

(1) the kinds of services needed to provide adequate services for mentally retarded persons residing in a State;

(2) the general manner in which the State agency (designated as provided in the State plan approved under this part) shall determine the priority of projects based on the relative need of different areas, giving special consideration to facilities which will provide comprehensive services for a particular community or communities;

(3) general standards of construction and equipment for facilities of different classes and in different types of location; and

(4) that the State plan shall provide for adequate facilities for the mentally retarded for persons residing in the State, and shall provide for adequate facilities for the mentally retarded to furnish needed services for persons unable to pay therefor. Such regulations may require that before approval of an application for a facility or addition to a facility is recommended by a State agency, assurance shall be received by the State from the applicant that there will be made available in such facility or addition a reasonable volume of services to persons unable to pay therefor, but an exception shall be made if such a requirement is not feasible from a financial viewpoint.

STATE PLANS

SEC. 134. (a) After such regulations have been issued, any State desiring to take advantage of this part shall submit a State plan for carrying out its purposes. Such State plan must—

(1) designate a single State agency as the sole agency for the administration of the plan, or designate such agency as the sole agency for supervising the administration of the plan;

(2) contain satisfactory evidence that the State agency designated in accordance with paragraph (1) hereof will have authority to carry out such plan in conformity with this part;

(3) provide for the designation of a State advisory council which shall include representatives of State agencies concerned with planning, operation, or utilization of facilities for the mentally retarded and of nongovernment organizations or groups concerned with education, employment, rehabilitation, welfare, and health, and including representatives of consumers of the services provided by such facilities;

(4) set forth a program for construction of facilities for the mentally retarded (A) which is based on a statewide inventory of existing facilities and survey of need; (B) which conforms with the regulations prescribed under section 133(1); and (C) which meets the requirements for furnishing needed services to persons unable to pay therefor, included in regulations prescribed under section 133(4);

(5) set forth the relative need, determined in accordance with the regulations prescribed under section 133(2), for the several projects included in such programs, and provide for the construction, insofar as financial resources available therefor and for

maintenance and operation make possible, in the order of such relative need;

(6) provide such methods of administration of the State plan, including methods relating to the establishment and maintenance of personnel standards on a merit basis (except that the Secretary shall exercise no authority with respect to the selection, tenure of office, or compensation of any individual employed in accordance with such methods), as are found by the Secretary to be necessary for the proper and efficient operation of the plan;

(7) provide minimum standards (to be fixed in the discretion of the State) for the maintenance and operation of facilities which receive Federal aid under this part;

(8) provide for affording to every applicant for a construction project an opportunity for hearing before the State agency;

(9) provide that the State agency will make such reports in such form and containing such information as the Secretary may from time to time reasonably require, and will keep such records and afford such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports; and

(10) provide that the State agency will from time to time, but not less often than annually, review its State plan and submit to the Secretary any modifications thereof which it considers necessary.

(b) The Secretary shall approve any State plan and any modification thereof which complies with the provisions of subsection (a). The Secretary shall not finally disapprove a State plan except after reasonable notice and opportunity for a hearing to the State.

APPROVAL OF PROJECTS

SEC. 135. (a) For each project for construction pursuant to a State plan approved under this part, there shall be submitted to the Secretary through the State agency an application by the State or a political subdivision thereof or by a public or other nonprofit agency.

If two or more such agencies join in the construction of the project, the application may be filed by one or more of such agencies. Such application shall set forth—

(1) a description of the site for such project;

(2) plans and specifications therefor in accordance with the regulations prescribed by the Secretary under section 133(3);

(3) reasonable assurance that title to such site is or will be vested in one or more of the agencies filing the application or in a public or other nonprofit agency which is to operate the facility;

(4) reasonable assurance that adequate financial support will be available for the construction of the project and for its maintenance and operation when completed;

(5) reasonable assurance that all laborers and mechanics employed by contractors or subcontractors in the performance of work on construction of the project will be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5); and the Secretary of Labor shall have with respect to the labor standards specified in this paragraph the authority and functions set forth in Reorganization Plan Numbered 14 or 1950 (15 F.R. 3176; 5 U.S.C. 133z-15) and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c); and

(6) a certification by the State agency of the Federal share for the project.

19 Stat. 1011.

14 Stat. 1257.

13 Stat. 108.

The Secretary shall approve such application if sufficient funds to pay the Federal share of the cost of construction of such project are available from the allotment to the State, and if the Secretary finds (A) that the application contains such reasonable assurance as to title, financial support, and payment of prevailing rates of wages and overtime pay; (B) that the plans and specifications are in accord with the regulations prescribed pursuant to section 133; (C) that the application is in conformity with the State plan approved under section 134 and contains an assurance that in the operation of the facility there will be compliance with the applicable requirements of the State plan and of the regulations prescribed under section 133(4) for furnishing needed facilities for persons unable to pay therefor, and with State standards for operation and maintenance; and (D) that the application has been approved and recommended by the State agency and is entitled to priority over other projects within the State in accordance with the regulations prescribed pursuant to section 133(2). No application shall be disapproved by the Secretary until he has afforded the State agency an opportunity for a hearing.

(b) Amendment of any approved application shall be subject to approval in the same manner as an original application.

WITHHOLDING OF PAYMENTS

SEC. 136. Whenever the Secretary after reasonable notice and opportunity for hearing to the State agency designated as provided in section 134(a)(1), finds—

- (1) that the State agency is not complying substantially with the provisions required by section 134 to be included in its State plan or with regulations under this part;
 - (2) that any assurance required to be given in an application filed under section 135 is not being or cannot be carried out;
 - (3) that there is a substantial failure to carry out plans and specifications approved by the Secretary under section 135; or
 - (4) that adequate State funds are not being provided annually for the direct administration of the State plan,
- the Secretary may forthwith notify the State agency that—
- (5) no further payments will be made to the State from allotments under this part; or
 - (6) no further payments will be made from allotments under this part for any project or projects designated by the Secretary as being affected by the action or inaction referred to in paragraph (1), (2), (3), or (4) of this section,
- as the Secretary may determine to be appropriate under the circumstances; and, except with regard to any project for which the application has already been approved and which is not directly affected, further payments from such allotments may be withheld, in whole or in part, until there is no longer any failure to comply (or to carry out the assurance or plans and specifications or to provide adequate State funds, as the case may be) or, if such compliance (or other action) is impossible, until the State repays or arranges for the repayment of Federal moneys to which the recipient was not entitled.

NONDUPLICATION OF GRANTS

SEC. 137. No grant may be made after January 1, 1964, under any provision of the Public Health Service Act, for any of the four fiscal years in the period beginning July 1, 1964, and ending June 30, 1968, for construction of any facility for the mentally retarded described in this part, unless the Secretary determines that funds are not avail-

Such standards shall provide equitably (and, to the extent practicable, on the basis of objective criteria) for variations between projects or classes of projects on the basis of the economic status of areas and other relevant factors. No such standards shall provide for a Federal share of more than 66% per centum or less than 33% per centum of the cost of construction of any project. The Secretary shall approve any such standards and any modifications thereof which comply with the provisions of this section.

PAYMENTS FOR CONSTRUCTION

SEC. 403. (a) Upon certification to the Secretary by the State agency, designated as provided in section 134 in the case of a facility for the mentally retarded, or section 204 in the case of a community mental health center, based upon inspection by it, that work has been performed upon a project, or purchases have been made, in accordance with the approved plans and specifications, and that payment of an installment is due to the applicant, such installment shall be paid to the State, from the applicable allotment of such State, except that (1) if the State is not authorized by law to make payments to the applicant, the payment shall be made directly to the applicant, (2) if the Secretary, after investigation or otherwise, has reason to believe that any act (or failure to act) has occurred requiring action pursuant to section 136 or section 206, as the case may be, payment may, after he has given the State agency so designated notice of opportunity for hearing pursuant to such section, be withheld, in whole or in part, pending corrective action or action based on such hearing, and (3) the total of payments under this subsection with respect to such project may not exceed an amount equal to the Federal share of the cost of construction of such project.

(b) In case an amendment to an approved application is approved as provided in section 135 or 205 or the estimated cost of a project is revised upward, any additional payment with respect thereto may be made from the applicable allotment of the State for the fiscal year in which such amendment or revision is approved.

JUDICIAL REVIEW

SEC. 404. If the Secretary refuses to approve any application for a project submitted under section 135 or 205, the State agency through which such application was submitted, or if any State is dissatisfied with his action under section 134(b) or 204(b) or section 136 or 206, such State, may appeal to the United States court of appeals for the circuit in which such State is located, by filing a petition with such court within sixty days after such action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, or any officer designated by him for that purpose. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Secretary may modify or set aside his order. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this section shall not, unless so specifically ordered by the court, operate as a stay of the Secretary's action.

RECOVERY

SEC. 405. If any facility or center with respect to which funds have been paid under section 403 shall, at any time within twenty years after the completion of construction—

(1) be sold or transferred to any person, agency, or organization (A) which is not qualified to file an application under section 135 or 205, or (B) which is not approved as a transferee by the State agency designated pursuant to section 134 (in the case of a facility for the mentally retarded) or section 204 (in case of a community mental health center), or its successor; or

(2) cease to be a public or other nonprofit facility for the mentally retarded or community mental health center, as the case may be unless the Secretary determines, in accordance with regulations, that there is good cause for releasing the applicant or other owner from the obligation to continue such facility as a public or other nonprofit facility for the mentally retarded or such center as a community mental health center,

the United States shall be entitled to recover from either the transferor or the transferee (or, in the case of a facility or center which has ceased to be public or other nonprofit facility for the mentally

retarded or community mental health center, from the owners thereof) an amount bearing the same ratio to the then value (as determined by the agreement of the parties or by action brought in the district court of the United States for the district in which the center is situated) of so much of such facility or center as constituted an approved project or projects, as the amount of the Federal participation bore to the cost of the construction of such project or projects. Such right of recovery shall not constitute a lien upon such facility or center prior to judgment.

STATE CONTROL OF OPERATIONS

SEC 406. Except as otherwise specifically provided, nothing in this Act shall be construed as conferring on any Federal officer or employee the right to exercise any supervision or control over the administration, personnel, maintenance, or operation of any facility for the mentally retarded or community mental health center with respect to which any funds have been or may be expended under this Act.
