

Jensen v. Department of Human Services, No. 09-cv-1775 (D. Minn.)

Comprehensive Plan of Action¹

DEFENDANTS' THIRD COMPLIANCE UPDATE REPORT

Bi-monthly Data Covering May 1 through June 30, 2014

Filing Date: July 15, 2014

Filed with the Court
and submitted to David Ferleger, Court Monitor

¹ See Order of March 12, 2014 (Dkt. 284); Order of August 28, 2013 (Dkt. 224).

INSTRUCTIONS

1. Defendants' Compliance Update Reports will be submitted every two months. Each report will include two months of data.

2. The information in the Reports shall be accurate, complete, timely and verifiable.

3. Each report shall include the following elements:

- **Evaluation Criteria and Actions.** Verbatim from the CPA.

- **Deadline.** The deadline for compliance with each Evaluation Criterion, and for achievement of each Action.

- **Person Responsible.** The state official/staff who is specifically responsible for implementation of the listed item. The individual is also responsible for the accuracy and completeness of the associated information in the report, and of the submitted documentation for verification. The Jensen Implementation Team is additionally accountable for the accuracy and completeness of the associated information in the report, and of the submitted documentation for verification.

- **State of Compliance; Verification Documentation.**

"State of Compliance" describes the progress achieved during the report period, and the current situation regarding compliance. Information on requested and/or approved deadline revisions will appear here.

"Verification Documentation" designates the documentation material (and copies where possible) which supports and demonstrates the status of compliance. The documentation shall be filed in a separate volume of "exhibits" with each status report. Where an exhibit includes client names, the exhibit may be filed under seal.

- **Obstacles and Next Steps.** A description of any obstacles encountered which may impede or delay timely compliance, followed by summary of the next steps to be taken to advance timely compliance. Any grounds for any requested modification of deadlines or actions will appear here.²

² The report may not be utilized to request modifications of the CPA.

4. The Second Compliance Update Report shall be filed on or before May 11, 2014 and shall address the substantive requirements of the Comprehensive Plan of Action.³ The Second Compliance Update Report shall include data covering March 1 to April 30, 2014. Thereafter, each bi-monthly report shall be filed on or before the 15th of the month the report is due, and shall include the data for the preceding two calendar months.

5. “The CPA includes Evaluation Criteria (EC) and accompanying Actions. The ECs set forth the outcomes to be achieved and are enforceable. The Actions under the ECs are not enforceable requirements. Compliance with an EC will be deemed to have been achieved if the EC's Actions are taken. However, the Department of Human Services may undertake alternate actions to achieve satisfaction of the EC. The Actions may be modified pursuant to the modification process set forth in the Order of August 28, 2013. ECs are indicated by whole Arabic numbers (e.g., 1, 2) and, in the original, by blue shading. Actions are indicated by Arabic numbers with consecutive decimals (e.g., 1.1, 1.2, 1.3, 2.1, 2.2, 2.3).” CPA.

6. To permit the reader of any report to determine the history of compliance reporting for each item, each report shall be a rolling report. The prior entries for Status of Compliance, Verification Documentation, and Obstacles and Next Steps shall be repeated (with a bold heading showing the report date).⁵

7. The report may not be utilized to request modifications to the CPA. The separate modification request procedure shall be used for that purpose.

³ The 1st Update will already have been filed pursuant to the Order of March 12, 2014.

⁴ To the extent that March 1 through 12 data does not exist, Defendants shall so note.

⁵ This method mirrors the DHS reporting approach in the four bi-monthly reports filed during 2012-2013.

DEFENDANT'S NOTES**4/11/2014**

1. This is the first Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. As directed by the Court Monitor, the only columns with data entered are the Evaluation Criteria and Actions column, the Person(s) Responsible column, and the Deadline column. Future Compliance Reports will include data in other columns as appropriate.
2. The Evaluation Criteria (EC) deadlines reflect the latest deadline of all actions under that Evaluation Criteria. Some actions under the EC might have an earlier deadline than the EC and are so noted.
3. Some of the ECs and actions in this CPA have been completed prior to the Court Order for the final CPA , therefore they have a deadline date that precedes the date of the March 12, 2014 Amended Court Order for the final CPA.
4. Terminology disclaimer: The terminology used to describe people with disabilities has changed over time. The Minnesota Department of Human Services ("Department") supports the use of "People First" language. Although outmoded and offensive terms might be found within this report or its exhibits, the Department does not endorse these terms.
5. The Exhibits for this report are numbered sequentially.

5/11/2014

1. This is the second Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. As directed, information has been included in additional fields within the "State of Compliance; Documentation for Verification", "Obstacles and Next Steps", and "Status" columns.
2. As with the First Compliance Update Report, the Exhibits for this report are numbered sequentially following the numbering of the Exhibits for that First Report.
3. The Department received feedback to the draft of this Second Compliance Update Report from the Court Monitor, the Minnesota Office of Ombudsman For Mental Health and Developmental Disabilities, and the Minnesota Governor's Council on Developmental Disabilities. The Department appreciates and was able to address some but not all of this feedback, including suggestions for more detail and documentation on progress made. The Department intends to incorporate additional detail and documentation in its Third Compliance Update Report.

7/15/2014

1. This is the third Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. As directed in the instructions provided by the Court Monitor above, for those items that had a "completed" status in the second Compliance Update Report, the Status Column is marked "Maintaining completion achieved [date]."

COMPREHENSIVE PLAN OF ACTION

INTRODUCTION

On December 5, 2011, the United States District Court for the District of Minnesota adopted the Settlement Agreement in this class action. The settlement was intended to bring significant improvements to the care and treatment of individuals with developmental and other disabilities in the State of Minnesota. This Comprehensive Plan of Action (CPA) is established pursuant to the Court's Order of August 28, 2013, and with the agreement of the parties.

Part I of the CPA covers elements of the Settlement Agreement and the closure and replacement of the MSHS-Cambridge facility with community services. Part II covers the Rule 40 modernization plan. Part III is the *Olmstead* Plan, which is being finalized pursuant to the Court's orders.

MANAGEMENT

The Department of Human Services will establish a Jensen Implementation Team ("Team") comprised of at least four full-time professional staff, with clerical assistance, which will be responsible for management and coordination of this Part I and also Part II of this Plan. The Team will have a designated leader skilled in leadership in the field of developmental disabilities, and will have sufficient resources to fulfill its responsibilities. At least two additional professional staff will be responsible for the Department of Human Services elements of the *Olmstead* Plan.

The Jensen Implementation Team is responsible for bi-monthly updates to the Court and Court Monitor, and for promptly providing all information requested by the Court Monitor. The bi-monthly updates will be provided ten days in advance in draft to the Court Monitor, Plaintiffs' Class Counsel, the Ombudsman for Mental Health and Developmental Disabilities, and the Executive Director of the Minnesota Governor's Council on Developmental Disabilities.

STRUCTURE

The CPA includes Evaluation Criteria (EC) and accompanying Actions. The ECs set forth the outcomes to be achieved and are enforceable. The Actions under the ECs are not enforceable requirements. Compliance with an EC will be deemed to have been achieved if the EC's Actions are taken. However, the Department of Human Services may undertake alternate actions to achieve satisfaction of the EC. The Actions may be modified pursuant to the modification process set forth in the Order of August 28, 2013.

ECs are indicated by whole Arabic numbers (e.g., 1, 2) and, in the original, by blue shading. Actions are indicated by Arabic numbers with consecutive decimals (e.g., 1.1, 1.2, 1.3, 2.1, 2.2, 2.3).

For the purposes of this Comprehensive Plan of Action, "Facility" and "Facilities" means MSHS-Cambridge, the MSOCS East Central home established under the Settlement Agreement, and the treatment homes established (or to be established) under this Comprehensive Plan of Action. The provisions of this Comprehensive Plan of Action regarding the fact and process for closure of MSHS-Cambridge and the list of discharges refer to the facility at 1425 East Rum River Drive South, Cambridge, MN 55008, and not to the MSOCS East Central home in the town of Cambridge, MN.

The Settlement Agreement states that its provisions under "System Wide Improvements" on "long term monitoring, crisis management and training represent the Department's goals and objectives; they do not constitute requirements." §X.A. For the purposes of this Comprehensive Plan of Action, the related Evaluation Criteria are to be understood as, and to be subject to, a "best efforts" standard. These are: EC 68 and 69 (long term monitoring); 70, 71 and 72 (crisis management); 73, 74 and 75 (training).

The Settlement Agreement Definitions (§III. Definitions) apply, except to the extent of the meaning of "Facility" under this Comprehensive Plan of Action, and that the "scope of DHS obligations" to individuals with developmental disabilities under the System Wide Improvements (§X) is not limited to residents of the Facility.

APPLICABILITY

This Comprehensive Plan of Action applies to the Defendant Department of Human Services, an agency of the State of Minnesota and, with regard to the *Olmstead* Plan, to the State of Minnesota. Consistent with its obligations under the Settlement Agreement, applicable law, and the federal court orders in this case, the Department of Human Services shall utilize best efforts to require counties and providers to comply with the Comprehensive Plan of Action through all necessary means within the Department of Human Services' authority, including but not limited to incentives, rule, regulation, contract, rate-setting, and withholding of funds.

Settlement Agreement Section IV. METO CLOSURE					
1. The Facilities will comply with <i>Olmstead v. L.C.</i> The Facilities are and will remain licensed to serve people with developmental disabilities. The Facility will eliminate unnecessary segregation of individuals with developmental disabilities. People will be served in the most integrated setting to which they do not object. Each individual's program will include multiple opportunities on an ongoing basis to engage with: (1) citizens in the community, (2) regular community settings, (3) participating in valued activities (4) as members of the community. These community activities will be highly individualized, drawn from the person-centered planning processes, and developed alongside the individual.	Director of MSHS-Cambridge and MN Life Bridge (Steve Jensen)	8/31/2014	<p>5/11/2014 Update</p> <p>The facility is in the process of complying with <i>Olmstead v. L.C.</i> The Narrative section of this Compliance Update Report includes details on the status of compliance.</p> <p>The Facility is eliminating unnecessary segregation of individuals with developmental disabilities. There has been progress in refining and updating the processes and templates for transitioning clients out of MSHS-Cambridge. An example of a completed Transition Plan of an individual who has transitioned out of MSHS-C and a sample work-in-progress Transition Plan of an individual who has not yet transitioned out of MSHS-C illustrate the changes can be found in Exhibit 8.</p> <p>(Exhibit 8 Sample Positive Support Transition Plan)</p>	<p>5/11/2014 Update</p> <p>Obstacles: Additional staff time and training are likely needed to support the pace of change.</p> <p>Next Steps: – Identify specific resource needs, including the likely need for additional staff time and training, and make a plan to address these resource needs. – Continue to work with DSD and refine the Transition Plan template if needed, and continue refining portfolios and transition plans of people who are still at MSHS-C. – Continue to develop individualized community activities. – Maintain licensure.</p>	<p>5/11/2014 Update</p> <p>Incomplete</p>

<p>1.2 Cambridge and successor facilities apply strong efforts to individualize and personalize the interior setting of the home. This includes exerting maximal feasible efforts to assist individuals to personalize and individualize their bedrooms and common areas, to make each common area aesthetically pleasing, and to actively support individuals to bring, care for, acquire, and display personal possessions, photographs and important personal items. Consistent with person-centered plans, this may include the program purchasing such items which will build towards transition to a new place to live.</p>	<p>Director of MSHS-Cambridge and MN Life Bridge (Steve Jensen)</p>	<p>8/31/2014</p>	<p>5/11/2014 Update</p> <p>Efforts are focused on making sure that individuals have opportunities to personalize their homes. Some examples: They have a choice of mattress size (single or full) and bedding for their bedrooms. They can choose the paint color, and what if any decorations, pictures, photos, etc. are placed in rooms. One resident's choice is to sleep in a tent. He was not comfortable with the first tent purchased for him, but he likes the second one.</p> <p>(Exhibit 13 Photos of individual choices for personalizing their bedroom)</p>	<p>5/11/2014 Update</p> <p>Next Steps: Continue to apply strong efforts to individualize and personalize the interior setting of the homes.</p>	<p>5/11/2014 Update</p> <p>Incomplete</p>

2.1 Each individual will be involved to the greatest extent possible in the development of a person-centered profile centering on learning from the person and those who know the person best about their history, preferences, life experiences, interests, talents, and capacities among other areas within 30 days of admission. This profile will be updated and revised as more is learned over time on at least a monthly basis. A revised person-centered profile format will be developed from the current person-centered description to include the above areas and to include a method to note when revisions and additions are made, by whom, and in what venue (e.g., a person-centered meeting of the support team, interview, an individual update by a staff member, a phone call).	MN Life Bridge Clinical Director (Tim Moore)	8/31/2014	5/11/2014 Update Clients at MSHS-C are involved in the development of their PCP to the greatest extent possible. Clients at MSHS-C have a monthly meeting of their interdisciplinary team (IDT) and a bi-monthly meeting of the person and their staff. These are opportunities to further update and revise the PCP. The facility is in the process of updating documents to meet this requirement. A "Picture of a Life" depicting person centered planning is included for a current resident at MSHS-Cambridge. CASE 00-0175-DW			<p>7/15/2014 Update</p> <p>During this reporting period, staff completed two restraint EUMRs (DHS-3654 Notification Form). In one of the situations, it was unclear to staff at the time of the incident if the action taken could be considered a manual restraint - the staff placed themselves between the individual and a potential danger, without making physical contact. The situation did not meet the definition of "manual restraint", so the EUMR was not for a restraint. It is not included in documentation on restraint EUMRs in this Third Compliance Update Report.</p> <p>In 1/1 instances where a manual restraint was used, staff specified the emergency technique employed and verified that no prohibited restraints and techniques were used.</p> <p>(Exhibit 77 EUMR 05102014) (Exhibit 78 EIDT for EUMR 05102014)</p>	<p>7/15/2014 Update</p> <p>Next Steps: Continue to ensure compliance with this EC.</p>	<p>7/15/2014 Update</p> <p>Complete</p>

SETTLEMENT AGREEMENT SECTION VIII. TRANSITION PLANNING					
<p>47. The State undertakes best efforts to ensure that each resident is served in the most integrated setting appropriate to meet such person's individualized needs, including home or community settings. Each individual currently living at the Facility, and all individuals admitted, will be assisted to move towards more integrated community settings. These settings are highly individualized and maximize the opportunity for social and physical integration, given each person's legal standing. In every situation, opportunities to move to a living situation with more freedom, and which is more typical, will be pursued.</p>	<p>MN Life Bridge Clinical Director (Tim Moore) / MN Life Bridge Transition Coordinator (substitute: Tiffany Byers-Draeger)</p>	<p>10/31/2014</p>	<p>5/11/2014 Update</p> <p>There is a team meeting every 30 days to review and update the resident's plans, services, and supports. SETTLEMENT AGREEMENT SECTION X.A. SYSTEM WIDE IMPROVEMENTS – EXPANSION OF COMMUNITY SUPPORT SERVICES				
67. The expansion of community services under this provision allows for the provision of assessment, triage, and care coordination to assure persons with developmental disabilities receive the appropriate level of care at the right time, in the right place, and in the most integrated setting in accordance with the U.S. Supreme Court decision in <i>Olmstead v. L.C.</i> , 527 U.S. 582 (1999).	Director of Community Support Services (Steve Dahl) 10/31/2014	5/11/2014 Update CSS is providing assessment, triage, and care coordination to assure people receive the right care at the right time in the right place, in the most integrated setting that meets that person's needs. CSS is hiring additional staff to fulfill this EC: CSS hired an administrative assistant, scheduled to start 5/21/14. CSS anticipates hiring for the Director position by 6/1/2014. CSS anticipates filling the new Regional Manager positions by 8/31/14. Modernization of Rule 40

BACKGROUND

“Rule 40,” *Use of Aversive and Deprivation Procedures in Licensed Facilities Serving Persons with Developmental Disabilities* , implements Minnesota Statute Section 245.825 by setting standards for the use of aversive and deprivation procedures with persons who have a developmental disability and who are served by a DHS license holder.

Rule 40 was promulgated in 1987 and was intended to represent best practices at the time. However, it does not represent current best practices, including those supported by the Association of Positive Behavior Supports. The Settlement Agreement required the appointment of an advisory committee for the following purposes:

"to study, review and advise the Department on how to modernize Rule 40 to reflect current best practices, including, but not limited to the use of positive and social behavioral supports, and the development of placement plans consistent with the principle of the 'most integrated setting' and 'person centered planning, and development of an ‘Olmstead Plan’” consistent with the U.S. Supreme Court’s decision in Olmstead v. L.C., 527 U.S. 582 (1999)." Settlement Agreement at §X.C.

THE ADVISORY COMMITTEE REPORT WAS ACCEPTED BY THE DEPARTMENT

<p>The advisory committee studied the literature, received consultation regarding best practices, and deliberated over many months to formulate a detailed and comprehensive analysis with recommendations. Rule 40 Advisory Committee Recommendations on Best Practices and Modernization of Rule 40 (Final Version - July 2013). The recommendations were fully accepted by the Department which wrote the introduction to the Committee's report:</p> <p>"Ensuring that the Minnesotans who receive services are treated with respect and dignity is a key element of the mission of the Department of Human Services (the Department or DHS). As an agency with responsibilities for the administration and oversight of services, as well as a provider of services, we are committed to fulfilling our mission consistent with the current best practices and principles that support inclusive community living and quality of life.</p> <p>To that end, DHS will prohibit procedures that cause pain, whether physical, emotional or psychological, and establish a plan to prohibit use of seclusion and restraints for programs and services licensed or certified by the department. It is our expectation that service providers, including state operated services, will seek out and implement therapeutic interventions and positive approaches that reflect best practices."</p> <p>"Current best practices include, but are not limited to, the use of positive and social behavioral supports, prohibitions on use of restraints and seclusion, trauma informed care, and the development of community support plans that are consistent with the principles of the "most integrated setting" and "person centered planning," consistent with the U.S. Supreme Court's decision in <i>Olmstead v. ADOPTION OF RULE 40 MODERNIZATION					
100. ¶1 Within the scope set forth above, the rule-making process initiated by the Department of Human Services pursuant to the Settlement Agreement, the Department shall by December 31, 2014 propose a new rule in accordance with this Comprehensive Plan of Action ("Proposed Rule"). This deadline may be extended for good cause shown upon application to the Court not later than 20 days prior to the deadline.	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer)	12/31/2014	5/11/2014 Update DHS is developing the initial draft rule for internal vetting within DHS. By the end of May, DHS anticipates providing a draft rule to the Court Monitor, Plaintiffs' Class Counsel, the Ombudsman for DD and MH, and the Executive Director of the Governor's Council on Developmental Disabilities (collectively, the Jensen Party Representatives). The DHS rulemaking schedule highlights involvement by the Jensen Party Representatives. (Exhibit 71 Positive Supports Rule - Abbreviated Rulemaking Schedule for 2014-2015)	5/11/2014 Update Next Steps: Continue developing draft rule for review.	5/11/2014 Update Incomplete

100. ¶12 Should the Department of Human Services believe that it requires additional rule-making authority to satisfy the requirements of this Plan, in order to apply the rule to all providers covered by Rule 40 and the scope of this Plan, the Department will seek an amendments to statutes in the 2014 Minnesota Legislative session to ensure that the scope of the Rule 40 modernization stated above is fulfilled and will apply to all of the facilities and services to persons with developmental disabilities governed by Rule 40. Any proposed amendment(s) are subject to the notice and comment process under EC ___ below.	5/31/2014	<p>5/11/2014 Update</p> <p>Additional legislative rule authority is being sought. DHS proposed an amendment to its statutory rulemaking authority to clarify that DHS has authority for this broad rule applicability. The bill is now making its way through the Legislature. Both the House and Senate versions of the bill have identical language clarifying the scope of the rule, and an amendment with further clarification as agreed upon by the consultants to the Parties, and the Disability Law Center is being recommended by the Governor for inclusion during conference committee.</p> <p>DHS is optimistic that the legislation will be adopted, and is therefore preparing the draft rule as it would if the legislation had already been passed.</p>	<p>5/11/2014 Update</p> <p>Obstacles: Stakeholders might raise concerns to legislators. The amendment may not be approved, or the final legislation may not include the agreed upon provisions. Both are unlikely obstacles, since there is agreement on language with House and Senate.</p> <p>Next Steps: We are monitoring the conference committee. Having the Governor recommend the amendment increases its likelihood of being included in the final bill.</p>	<p>5/11/2014 Update</p> <p>Incomplete</p>

47. The State undertakes best efforts to ensure that each resident is served in the most integrated setting appropriate to meet such person's individualized needs, including home or community settings. Each individual currently living at the Facility, and all individuals admitted, will be assisted to move towards more integrated community settings. These settings are highly individualized and maximize the opportunity for social and physical integration, given each person's legal standing. In every situation, opportunities to move to a living situation with more freedom, and which is more typical, will be pursued.	MN Life Bridge Clinical Director (Tim Moore) / MN Life Bridge Transition Coordinator (substitute: Tiffany Byers-Draeger)	10/31/2014	Incomplete
52. It is the State's goal that all residents be served in integrated community settings and services with adequate protections, supports and other necessary resources which are identified as available by service coordination. If an existing setting or service is not identified or available, best efforts will be utilized to create the appropriate setting or service using an individualized service design process. Part II. Modernization of Rule 40			
100. ¶12 Should the Department of Human Services believe that it requires additional rule-making authority to satisfy the requirements of this Plan, in order to apply the rule to all providers covered by Rule 40 and the scope of this Plan, the Department will seek an amendments to statutes in the 2014 Minnesota Legislative session to ensure that the scope of the Rule 40 modernization stated above is fulfilled and will apply to all of the facilities and services to persons with developmental disabilities governed by Rule 40. Any proposed amendment(s) are subject to the notice and comment process under EC ___ below.	Director of Disability Services Division (Alex Bartolic)	5/31/2014	Incomplete
100. ¶13 If legislative approval for the requested authority is not obtained in the 2014 Minnesota Legislative session, the Court may use its authority to ensure that the Adopted Rule will apply consistent with the scope set forth in EC 99.	Director of Jensen Implementation Office (Peg Booth) / Jensen Compliance Officer (Christina Baltes)	5/31/2014	Incomplete
102. ¶12 Not later than (30) days prior to public notice of the content of the Proposed Rule, the Department shall provide a draft of the rule to Plaintiffs' Class Counsel, the Court Monitor, the Ombudsman for Mental Health and Developmental Disabilities, and the Executive Director of the Governor's Council on Developmental Disabilities for review and comment and, if requested by any of these entities, for discussion in a conference prior to public notice of the content of the Proposed Rule. The Department will share with these entities the intended final content not later than five (5) days prior to the public notice.	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer)	10/15/2014	Incomplete
100. ¶11 Within the scope set forth above, the rule-making process initiated by the Department of Human Services pursuant to the Settlement Agreement, the Department shall by December 31, 2014 propose a new rule in accordance with this Comprehensive Plan of Action ("Proposed Rule"). This deadline may be extended for good cause shown upon application to the Court not later than 20 days prior to the deadline.	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer)	12/31/2014	Incomplete

Evaluation Criteria and Actions	Person(s) Responsible	Deadline	Status
<p>101. The Proposed Rule shall address the temporary use and tapering of carefully monitored individual medical restraints for self-injurious behavior while non-restraint positive behavior supports are implemented under professional supervision.</p> <p>In formulating the Proposed Rule, and any other methods or tools of implementation, the Department shall carefully consider the recommendations of Dr. Fredda Brown, whose consultation on the Rule 40 modernization the Department requested with regard to matters on which the Advisory Committee had not reached consensus. The Department shall document the results of this review.</p>	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer) / Legal Analyst (Bob Klukas)	12/31/2014	Incomplete
<p>99. The scope of the Rule 40 modernization shall include all individuals with developmental disabilities served in programs, settings and services licensed by the Department, regardless of the setting in which they live or the services which they receive. As stated in the Settlement Agreement, the modernization of Rule 40 which will be adopted under this Comprehensive Plan of Action shall reflect current best practices, including, but not limited to the use of positive and social behavioral supports, and the development of placement plans consistent with the principle of the 'most integrated setting' and 'person centered planning, and development of an 'Olmstead Plan'" consistent with the U.S. Supreme Court's decision in <i>Olmstead v. L.C.</i>, 527 U.S. 582 (1999)."</p>	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer)	12/31/2014	Incomplete
<p>100. ¶14 By August 31, 2015, the Department of Human Services shall adopt a new rule to modernize Rule 40 ("Adopted Rule"). This deadline may be extended for good cause shown upon application to the Court not later than 60 days prior to the deadline.</p>	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer)	8/31/2015	Incomplete
<p>102. ¶1 The Proposed Rule shall be consistent with and incorporate, to the extent possible in rule, the Rule 40 Advisory Committee's consensus recommendations stated in its <i>Recommendations on Best Practices and Modernization of Rule 40 (Final Version - July 2013)</i>. During the rule-making process, the Department shall advocate that the final rule be fully consistent with the Rule 40 Advisory Committee's recommendations. The phrase "to the extent possible in rule" above is intended to recognize that some elements of the Committee's recommendations are not susceptible to the format of rules and, therefore, will be implemented by the Department through policies, bulletins, contract provisions, and by other means.</p>	Chief Compliance Officer (Gregory Gray) / Administrative Law Manager (Beth Scheffer) / Legal Analyst (Bob Klukas)	8/31/2015	Incomplete

Evaluation Criteria and Actions	Person(s) Responsible	Deadline	Status
103. Within thirty (30) days of the promulgation of the Adopted Rule, Plaintiffs' Class Counsel, the Court Monitor, the Ombudsman for Mental Health and Developmental Disabilities, or the Executive Director of the Governor's Council on Developmental Disabilities may suggest to the Department of Human Services and/or to the <i>Olmstead</i> Implementation Office that there are elements in the Rule 40 Advisory Committee Recommendations on Best Practices and Modernization of Rule 40 (Final Version - July 2013) which have not been addressed, or have not adequately or properly been addressed in the Adopted Rule. In that event, those elements shall be considered within the process for modifications of the <i>Olmstead</i> Plan. The State shall address these suggestions through Olmstead Plan sub-cabinet and the <i>Olmstead</i> Implementation Office. Unresolved issues may be presented to the Court for resolution by any of the above, and will be resolved by the Court.	Plaintiff's Class Counsel, Court Monitor, the Ombudsman for Mental Health and Developmental Disabilities, or the Executive Director of the Governor's Council on Developmental Disabilities	9/30/2015	Incomplete
104. The Department of Human Services shall implement the Adopted Rule and take other steps to implement the recommendations of the Rule 40 Advisory Committee.	Director of Disability Services Division (Alex Bartolic)	12/31/2015	Incomplete

UPDATE OF CAMBRIDGE CLOSURE NARRATIVE

Minnesota Specialty Health Services-Cambridge Closure and Replacement April 11, 2014 Report to the Court

This report is an update on the closure of MSHS-Cambridge and its replacement with community-based services, as required by this Court's Orders of August 28, 2013, Dkt. No. 224 and March 12, 2014, Dkt. No. 284.

I. Court Orders

In its Order of August 28, 2013, this Court required the Comprehensive Plan of Action to separately include information regarding the replacement of the Cambridge facility with community-based services. The Court specified: “(a) a timetable for all tasks and activities; (b) identification of resources to be reallocated to the community services, including funding and staffing for such services; (c) the nature, quantity and location of the community-based services (residential and non-residential), sufficient to serve current Cambridge clients and those who would otherwise be served if the Cambridge facility had been maintained; and (d) a description of the mechanisms through which the DHS will carefully track and monitor the replacement process.” Order of August 28, 2013, Dkt. No. 224, para. 3.

In its Order of March 12, 2014, this Court required the first update to “include a revised narrative and the additional information for the MSHS-Cambridge closure and replacement” required by the Order of August 28, 2013.

This report is submitted in response to those Orders.

II. Minnesota Life Bridge

MSHS-Cambridge is transitioning to Minnesota Life Bridge (“MN Life Bridge”), a community-based program, with mobile support services for individuals with developmental disabilities who exhibit severe behaviors that present a risk to public safety. The supports provided are community based and are intended to be in line with *Olmstead* principles, the *Jensen* Settlement Agreement, and the Comprehensive Plan of Action. As a community based program, Minnesota Life Bridge will be able to provide a more integrated service model with greater emphasis on person centered programs, positive behavioral supports, and more rapid transition to the most integrated settings in communities of choice. The mission statement for Minnesota Life Bridge is, “Successful Transition to a Successful Life.”

On March 4, 2014, MSHS – Cambridge stopped accepting admissions and MN Life Bridge began accepting them. The eligibility and admission criteria, however, have not changed. Currently, five individuals remain at MSHS-Cambridge. All will move to integrated settings within the next several weeks. After the last individual leaves, MSHS-Cambridge will wind down its affairs and, it is expected by August 31, 2014, it will cease to exist as an entity.

A. Timetable for All Tasks and Activities:

The timetable for tasks and activities regarding replacement of MSHS-Cambridge with community-based services may be found in the Comprehensive Plan of Action (CPA), Evaluation Criteria (EC) 88-96, filed herewith.

In addition, activities and timelines are noted below.

B. Identification of Resources to be Reallocated to Community Services, including funding and staffing:

1. Funding

Approximately \$4.2 million has been appropriated to MSHS – Cambridge through FY 2014, ending June 30, 2014. DHS has budgeted revenue of \$4.2 to MN Life Bridge in FY 2015 and also to fund the MN Life Bridge program. As more fully described below, there are currently two treatment homes beginning operations with two more treatment homes under development. The projected revenue sources for each home derive from budget appropriations and Medicaid waived services, in an amount projected to be up to \$1.14 million annually for each home. Because waived services are paid as fee-for-service, the actual revenue may be higher once the treatment homes are opened and serving clients.

In addition to the appropriated amount for FY 2014, State Operated Services has funded the start-up costs for the two new MN Life Bridge treatment homes. Those costs included initial leasing, remodeling, furnishing, and decorating the treatment homes.

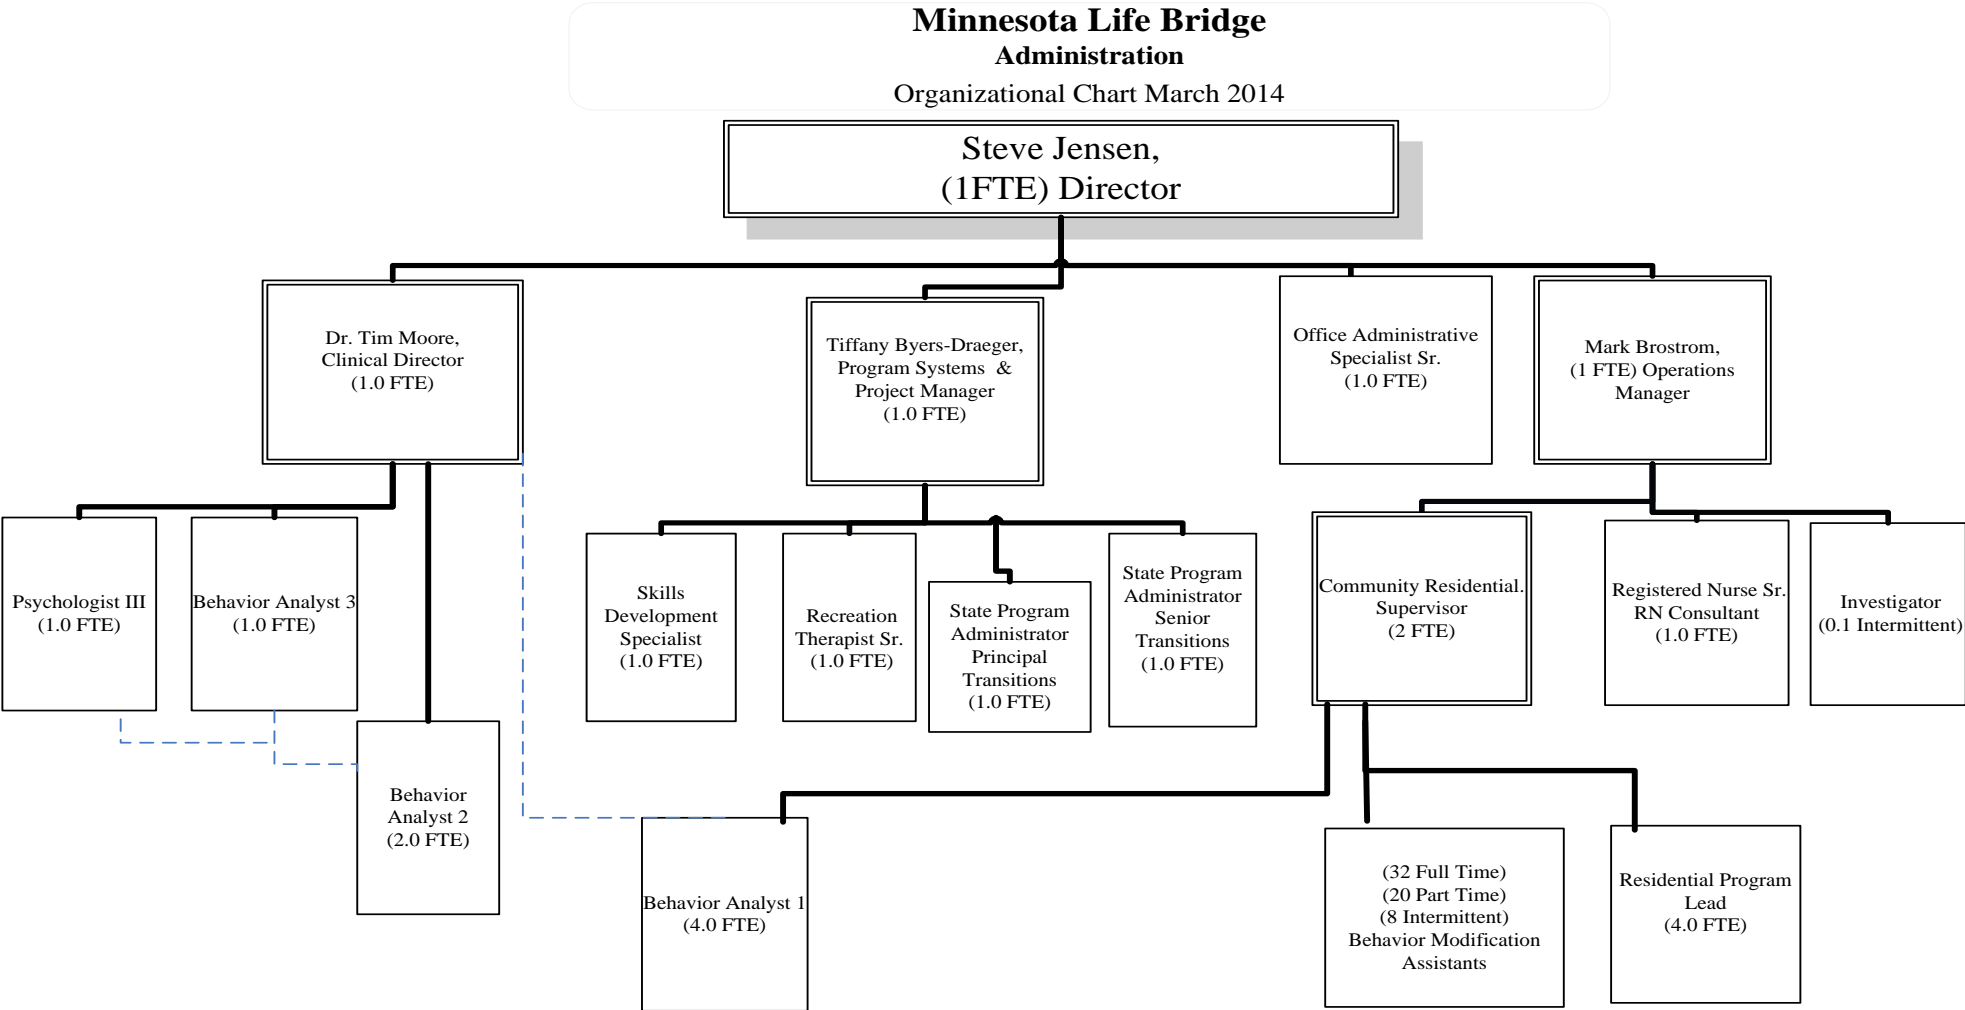

2. Staffing

MSHS – Cambridge is licensed to serve up to 16 people. For this capacity, MSHS – Cambridge had 45 – 50 direct support professional staff.

MN Life Bridge has two treatment homes beginning operations and two more treatment homes under development. Together, these four treatment homes will be licensed to serve 15 people.

MN Life Bridge is designed to have up to 61 full-time-equivalency (FTE) direct support professional staff. This is a greater number than at MSHS – Cambridge because MN Life Bridge staff will also provide mobile support services. However, since the MN Life Bridge treatment homes and mobile support services are not yet fully developed, MN Life Bridge does not currently have 61 FTE direct support professional staff.

MN Life Bridge administrative staff are currently located at MSHS–Cambridge and now oversee the MSHS – Cambridge campus, the two new treatment homes, the development of two additional treatment homes, and the creation of our mobile support services. Our organizational chart below depicts the current administrative structure of MN Life Bridge.

In addition, some MSHS – Cambridge direct support professional positions have changed to reflect the change in duties from providing care at MSHS – Cambridge to providing support in community settings. For example, the former Unit Supervisor positions are now Community Residential Supervisor positions, which provide supervision of dispersed staff and programs in the community. Also, several MSHS – Cambridge direct care staff have been redistributed to the two new MN Life Bridge treatment homes. Some staff continue to work at MSHS – Cambridge to provide support to the five individuals who remain there. As the transition from MSHS – Cambridge to MN Life Bridge proceeds, some staff may choose to retire or seek reassignment to another Direct Care and Treatment program. In those cases, new staff will be hired to fill vacancies. During the transition period from MSHS – Cambridge to MN Life Bridge, an Assistant Group Supervisor and some additional staff have been assisting MN Life Bridge. These staff will move to other parts of Direct Care and Treatment once the MSHS – Cambridge campus closes. As the two new treatment homes are developed and accept individuals, MN Life Bridge will hire staff for those treatment homes.

C. The nature, quantity and location of the community-based services (residential and non-residential), sufficient to serve current Cambridge clients and those who would otherwise be served if the Cambridge facility had been maintained:

MN Life Bridge will provide crisis stabilization, transition, and supportive services in the most integrated setting. MN Life Bridge is designed to: 1) provide temporary housing and transitional support to individuals without a home; 2) prevent individuals from having to leave their current home; and 3) support individuals in the community once they have left a MN Life Bridge treatment home. MN Life Bridge provides community based supports for individuals at its treatment homes and community mobile support services.

1. MN Life Bridge Treatment Homes

a. Nature

MN Life Bridge treatment homes are designed to: 1) provide temporary housing and treatment support as close as possible to an individual's preferred home, family, friends and job; and 2) to support an individual's transition from MN Life Bridge to the most integrated setting appropriate to his or her needs.

b. Quantity and Location

On March 4, 2014, MN Life Bridge opened a home called “Stratton Lake,” just south of the town of Isanti. That same day, Stratton Lake accepted its first individual for services. Stratton Lake is licensed for up to four individuals. In addition, on April 13, 2014, MN Life Bridge plans to open a second home called “Broberg’s Lake,” just west of Cambridge. Broberg’s Lake is licensed for up to three individuals.

Both Stratton Lake and Broberg’s Lake are in the Cambridge area. In addition to these locations, MN Life Bridge is developing treatment homes in northeastern Minnesota and in the west or south-metro area. MN Life Bridge has a goal of acquiring a site in northern Minnesota (tentatively called “West Arrowhead”) by July 1, 2014, with licensing to occur by September 1, 2014. In addition, MN Life Bridge has a goal of acquiring a west or south-metro area site by September 1, 2014, and to license it by November 1, 2014.

2. MN Life Bridge Mobile Support Services

A core service is to divert individuals from needing out-of-home placement by providing supports to avert crises. To this end, over the next several months, MN Life Bridge will devote important management and clinical resources to developing mobile support services. In coordination with Community Support Services (CSS), Minnesota Life Bridge has already dispatched clinicians to individuals in their community homes to provide supports. Early experiences have been mixed, with some success and some lessons learned about what is necessary to collaborate for best results.

a. Nature

MN Life Bridge mobile support services are intended to serve individuals in their current setting. MN Life Bridge mobile support services can provide augmentative service supports, consultation, mobile teams, and training to the individual and those supporting the individual in his or her own home, family home, group home, work place and throughout the community as quickly as possible to provide a safety network, as needed, to help prevent re-institutionalization and other transfers to a more restrictive setting, and to maintain the individual in the most integrated setting. These services will be provided in collaboration with the Community Support Services (CSS) and other crisis services.

b. Quantity and Location

MN Life Bridge is working with the DHS Disabilities Services Division to seek data that will help project how many individuals might need our mobile support services and what kind of activity is expected regionally across the state. MN Life Bridge intends to provide mobile support services to anyone who is eligible and requires the service.

D. Mechanisms through which DHS will carefully track and monitor the replacement process:

DHS has monitored and continues to monitor and track the transition from MSHS – Cambridge to MN Life Bridge through the following mechanisms:

1. Logistics

During the key time of development of the community based alternatives in Isanti County a DHS Repurposing Committee met weekly to review all development needs including: personnel, labor, public policy, communications with local leaders and citizens, legal concerns, licensing, property acquisition and financial questions. The committee met almost every week from mid-September, 2014 through mid-March 2014 and included the DHS Deputy Commissioner, Human Resources Director, Communications Director, Legislative Director, the MN Life Bridge Director, and others. A Gantt chart served as a tool to track and monitor the replacement process.

Upon entering key phases of future home development, the committee will reconvene to guide the development in the same manner.

2. Financial

Tracking budget and financial information for the replacement process is a core responsibility for DHS at every level. Annual budgets are created by MN Life Bridge, in processes overseen by the Deputy Commissioner, DHS Finance, and others throughout the administration based on the budgets authorized by the Legislature and approved by the Governor. Detailed financial information is available and monthly financials are produced for review by supervisors, managers, and administrators to assure proper application of revenue and expenses and to note potential problems and address them. For MN Life Bridge, a budget is submitted for each site and each budget is together in a rollup for the whole organization.

3. Individuals we serve

A Census is recorded daily for both MSHS-Cambridge and individual MN Life Bridge treatment homes. As MN Life Bridge treatment homes and mobile support services extend across Minnesota, census will be tracked and updated. In addition, we hold weekly diversion meetings to assess and track individuals who could potentially need our services.

**Minnesota Specialty Health Services-Cambridge Closure and Replacement
Second Compliance Update Report
May 11, 2014**

This is an update on the closure of MSHS-Cambridge and its replacement with community-based services, as required by the Court's Orders of August 28, 2013, Dkt. No. 224 and March 12, 2014, Dkt. No. 284.

Those sections of the April 11, 2014 Narrative with updates in this report are provided below.

1. Funding

Approximately \$4.2 million has been appropriated to MSHS – Cambridge through FY 2014, ending June 30, 2014. DHS has budgeted revenue of \$4.2 to MN Life Bridge in FY 2015 and also to fund the MN Life Bridge program. In addition to the appropriated amount for FY 2014, State Operated Services has funded the start-up costs for the two new MN Life Bridge treatment homes. Those costs included initial leasing, remodeling, furnishing, and decorating the treatment homes.

UPDATE 5/11/2014

We are waiting for legislative approval of the funding.

2. Staffing

In addition, some MSHS – Cambridge direct support professional positions have changed to reflect the change in duties from providing care at MSHS – Cambridge to providing support in community settings. For example, the former Unit Supervisor positions are now Community Residential Supervisor positions, which provide supervision of dispersed staff and programs in the community. These staff will move to other parts of Direct Care and Treatment once the MSHS – Cambridge campus closes. As the two new treatment homes are developed and accept individuals, MN Life Bridge will hire staff for those treatment homes.

UPDATE 5/11/2014

Staff who have and will be moving to the community homes have had 2 days of training to introduce them to community based services. Hands-on training will begin on May 1, 2014 to enhance the staff application of Positive Behavioral Support Interventions both on the MSHS-Cambridge campus and in the community treatment homes.

UPDATE 5/11/2014

DHS Bulletin 14-76-01 Transition of Minnesota Specialty Health System (MSHS) – Cambridge to Minnesota Life Bridge: Admission and Discharge Processes, Transition Planning and Community Mobile Support Services, was issued on April 29, 2014. It was sent to County Directors, Social Service Supervisors and Staff, State Court Judges, County Attorneys, Advocates, consumers, legal representatives and families, and posted on the DHS bulletins webpage and in listservs.

Five individuals remain on the Cambridge Campus. In the next three weeks, three of them will transition to their newly chosen homes and communities within three weeks, and the remaining two people continue to develop and refine their transition plans. One had a set-back resulting in his not being able to return to his previous community and home due to issues with roommates and concerns over negative relationships. Another opportunity in a city close to other family he prefers is under review with him as he had expressed interest and preference.

The individual in the Stratton Lake Community Based Treatment home is engaged in transition planning with her family and team. They are hoping to find her a desirable setting in or around Kanabec County where her family lives and where she grew up. She is exploring future employment opportunities that might be available there as well.

C. The nature, quantity and location of the community-based services (residential and non-residential), sufficient to serve current Cambridge clients and those who would otherwise be served if the Cambridge facility had been maintained:

2. MN Life Bridge Mobile Support Services

A core service is to divert individuals from needing out-of-home placement by providing supports to avert crises. To this end, over the next several months, MN Life Bridge will devote important management and clinical resources to developing mobile support services. In coordination with Community Support Services (CSS), Minnesota Life Bridge has already dispatched clinicians to individuals in their community homes to provide supports. Early experiences have been mixed, with some success and some lessons learned about what is necessary to collaborate for best results.

UPDATE 5/11/2014

A current effort involving mobility staff is one where MN Life Bridge is engaged with an individual from southwestern Minnesota who is a class member and who received a discharge notice from a community provider who has supported him for nine years. MN Life Bridge has teamed up with DHS Disability Services Division, the county, and CSS to meet with the provider and find out more about their decision, and to explain what supports may be available to assist them in managing their concerns. Once this review of the provider's status is complete, MN Life Bridge wishes to connect with the family and the rest of the team to help figure out how to support the man so he may stay in his long time home and with his long time staff.

b. Quantity and Location

MN Life Bridge is working with the DHS Disabilities Services Division to seek data that will help project how many individuals might need our mobile support services and what kind of activity is expected regionally across the state. MN Life Bridge intends to provide mobile support services to anyone who is eligible and requires the service.

UPDATE 5/11/2014

MN Life Bridge Administration has a first meeting set with DSD staff to review their data and see how it may be sorted or extended to help with resource location decisions.

Minnesota Specialty Health Services-Cambridge Closure and Replacement

Third Compliance Update Report

July 15, 2014

This is an update on the closure of MSHS-Cambridge and its replacement with community-based services, as required by the Court's Orders of August 28, 2013, Dkt. No. 224 and March 12, 2014, Dkt. No. 284.

Those sections of the April 11, 2014 Narrative with updates in this report are provided below.

1. Funding

Approximately \$4.2 million has been appropriated to MSHS – Cambridge through FY 2014, ending June 30, 2014. DHS has budgeted revenue of \$4.2 to MN Life Bridge in FY 2015 and also to fund the MN Life Bridge program. As more fully described below, there are currently two treatment homes beginning operations with two more treatment homes under development. The projected revenue sources for each home derive from budget appropriations and Medicaid waived services, in an amount projected to be up to \$1.14 million annually for each home. Because waived services are paid as fee-for-service, the actual revenue may be higher once the treatment homes are opened and serving clients.

In addition to the appropriated amount for FY 2014, State Operated Services has funded the start-up costs for the two new MN Life Bridge treatment homes. Those costs included initial leasing, remodeling, furnishing, and decorating the treatment homes.

UPDATE 5/11/2014

We are waiting for legislative approval of the funding.

UPDATE 7/15/2014

For the Therapeutic Follow Up Project, the 2014 Minnesota Legislature appropriated \$900,000 for SFY2015, and \$800,000 annually for SFY 2016 and SFY 2017.

2. Staffing

In addition, some MSHS – Cambridge direct support professional positions have changed to reflect the change in duties from providing care at MSHS – Cambridge to providing support in community settings. For example, the former Unit Supervisor positions are now Community Residential Supervisor positions, which provide supervision of dispersed staff and programs in the community. Also, several MSHS – Cambridge direct care staff have been redistributed to the two new MN Life Bridge treatment homes. Some staff continue to work at MSHS – Cambridge to provide support to the five individuals who remain there. As the transition from MSHS – Cambridge to MN Life Bridge proceeds, some staff may choose to retire or seek reassignment to another Direct Care and Treatment program. In those cases, new staff will be hired to fill vacancies. During the transition period from MSHS – Cambridge to MN Life Bridge, an Assistant Group Supervisor and some additional staff have been assisting MN Life Bridge. These staff will move to other parts of Direct Care and Treatment once the MSHS – Cambridge campus closes. As the two new treatment homes are developed and accept individuals, MN Life Bridge will hire staff for those treatment homes.

UPDATE 5/11/2014

Staff who have and will be moving to the community homes have had 2 days of training to introduce them to community based services. Hands-on training will begin on May 1, 2014 to enhance the staff application of Positive Behavioral Support Interventions both on the MSHS-Cambridge campus and in the community treatment homes.

UPDATE 7/15/2014

During recent months, MSHS-Cambridge administration has monitored staffing on a daily basis. Several staff who worked on the campus had transferred to other positions in the department or retired due to the Memorandum of Understanding (MOU) worked out with labor partners.

At least four staff had taken unexpected leaves due to family or personal issues.

An additional MOU was created in June to enable people who had worked on the campus and were trained to work for MN Life Bridge to help bolster staffing.

In addition, clinical and management staff have been working shifts to support the staff as well.

As individuals transition to their new home the staffing becomes easier.

II. Minnesota Life Bridge

MSHS-Cambridge is transitioning to Minnesota Life Bridge ("MN Life Bridge"), a community-based program, with mobile support services for individuals with developmental disabilities who exhibit severe behaviors that present a risk to public safety. The supports provided are community based and are intended to be in line with *Olmstead* principles, the *Jensen* Settlement Agreement, and the Comprehensive Plan of Action. As a community based program, Minnesota Life Bridge will be able to provide a more integrated service model with greater emphasis on person centered programs, positive behavioral supports, and more rapid transition to the most integrated settings in communities of choice. The mission statement for Minnesota Life Bridge is "Successful Transition to a Successful Life".

On March 4, 2014, MSHS - Cambridge stopped accepting admissions and MN Life Bridge began accepting them. The eligibility and admission criteria, however, have not changed. Currently, five individuals remain at MSHS-Cambridge. All of them will move to integrated settings within the next several weeks. After the last individual leaves, MSHS-Cambridge will wind down its affairs, and it is expected by August 31, 2014, it will cease to exist as an entity.

UPDATE 5/11/2014

DHS Bulletin 14-76-01 Transition of Minnesota Specialty Health System (MSHS) – Cambridge to Minnesota Life Bridge: Admission and Discharge Processes, Transition Planning and Community Mobile Support Services, was issued on April 29, 2014. It was sent to County Directors, Social Service Supervisors and Staff, State Court Judges, County Attorneys, Advocates, consumers, legal representatives and families, and posted on the DHS bulletins webpage and in listservs.

She is exploring future employment opportunities that might be available there as well.

UPDATE 7/15/2014

As of June 30, 2014, one individual remains at the MSHS-Cambridge Campus. He is slated to move to his own home in the Brainerd area in July or August 2014 so he can be closer to his sisters. There were numerous unexpected complications to overcome in the planning for the man's transition. The Jensen Implementation Office, MSOCS (the provider for residential and vocation supports), and MN Life Bridge administration and clinical team have spent scores of hours working to resolve obstacles.

2. MN Life Bridge Mobile Support Services

A core service is to divert individuals from needing out-of-home placement by providing supports to avert crises. To this end, over the next several months, MN Life Bridge will devote important management and clinical resources to developing mobile support services. In coordination with Community Support Services (CSS), Minnesota Life Bridge has already dispatched clinicians to individuals in their community homes to provide supports. UPDATE 7/15/2014

MN LB continues to have success in helping individuals maintain their community based placements by redirecting people to more appropriate services and by providing additional clinical supports as in the case discussed in the May 11, 2014 update. In that case a plan is in place to allow the individual to stay in his permanent community home. Implementation of a new FBA and Positive Support Transition Plan, and a PCP planning process has also begun involving the person and his whole team.

b. Quantity and Location

MN Life Bridge is working with the DHS Disabilities Services Division to seek data that will help project how many individuals might need our mobile support services and what kind of activity is expected regionally across the state. MN Life Bridge intends to provide mobile support services to anyone who is eligible and requires the service.

UPDATE 5/11/2014

MN Life Bridge Administration has a first meeting set with DSD staff to review their data and see how it may be sorted or extended to help with resource location decisions.

UPDATE 7/15/2014

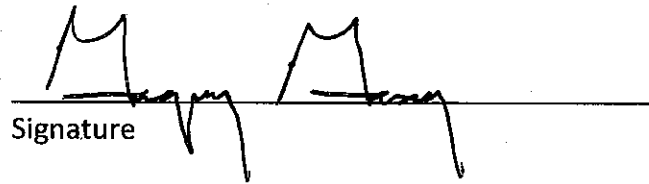

This meeting took place. MN LB has some data and DSD staff are sorting it in ways most useful for determining needs around the state. MN LB has provided strong clinical support in several areas of the state right now including the southwest, southeast, central and northeast parts of the state.
Direct support mobility staff are planned to be added at a point after the campus closes.

SUBMISSION OF REPORT AND DOCUMENTS FOR VERIFICATION
