

Jensen v. Department of Human Services, No. 09-cv-1775 (D. Minn.)

Comprehensive Plan of Action¹

DEFENDANTS' SIXTH COMPLIANCE UPDATE REPORT

Bi-monthly Data Covering November 1 through December 31, 2014

Filing Date: February 13, 2015

Filed with the Court
and submitted to David Ferleger, Court Monitor

Terminology disclaimer

The terminology used to describe people with disabilities has changed over time. The Minnesota Department of Human Services (Department") supports the use of "People First" language. Although outmoded and offensive terms might be found within exhibits for this report, the Department does not endorse these terms.

¹ See Order of March 12, 2014 (Dkt. 284); Order of August 28, 2013 (Dkt. 224).

INSTRUCTIONS

1. Defendants' Compliance Update Reports will be submitted every two months. Each report will include two months of data.
2. The information in the Reports shall be accurate, complete, timely and verifiable. ²
3. Each report shall include the following elements:
 - Evaluation Criteria and Actions. Verbatim from the CPA.
 - Deadline. The deadline for compliance with each Evaluation Criterion, and for achievement of each Action.
 - Person Responsible. The state official / staff who is specifically responsible for implementation of the listed item. The individual is also responsible for the accuracy and completeness of the associated information in the report, and of the submitted documentation for verification. The Jensen Implementation Team is additionally accountable for the accuracy and completeness of the associated information in the report, and of the submitted documentation for verification.
 - State of Compliance; Verification Documentation.

“State of Compliance” describes the progress achieved during the report period, and the current situation regarding compliance. Information on requested and/or approved deadline revisions will appear here.

“Verification Documentation” designates the documentation material (and copies where possible) which supports and demonstrates the status of compliance. The documentation shall be filed in a separate volume of “exhibits” with each status report. Where an exhibit includes client names, the exhibit may be filed under seal.
 - Obstacles and Next Steps. A description of any obstacles encountered which may impede or delay timely compliance, followed by summary of the next steps to be taken to advance timely compliance. Any grounds for any requested modification of deadlines or actions will appear here.²
 - Status. A statement of Defendants assertion of the status of the item as “completed,” or “incomplete.” In the report subsequent to Defendants reporting a “completed” status, the Status column will be marked “Maintaining completion achieved [date].”
4. The Second Compliance Update Report shall be filed on or before May 11, 2014 and shall address the substantive requirements of the Comprehensive Plan of Action.³ The Second Compliance Update Report shall include data covering March 1 to April 30, 2014.⁴ Thereafter, each bi-monthly report shall be filed on or before the 15th of the month the report is due, and shall include the data for the preceding two calendar months.

² The report may not be utilized to request modifications of the CPA.

5. "The CPA includes Evaluation Criteria (EC) and accompanying Actions. The ECs set forth the outcomes to be achieved and are enforceable. The Actions under the ECs are not enforceable requirements. Compliance with an EC will be deemed to have been achieved if the EC's Actions are taken. However, the Department of Human Services may undertake alternate actions to achieve satisfaction of the EC. The Actions may be modified pursuant to the modification process set forth in the Order of August 28, 2013. ECs are indicated by whole Arabic numbers (e.g., 1, 2) and, in the original, by blue shading. Actions are indicated by Arabic numbers with consecutive decimals (e.g., 1.1, 1.2, 1.3, 2.1, 2.2, 2.3)." CPA.

6. To permit the reader of any report to determine the history of compliance reporting for each item, each report shall be a rolling report. The prior entries for Status of Compliance, Verification Documentation, and Obstacles and Next Steps shall be repeated (with a bold heading showing the report

7. The report may not be utilized to request modifications to the CPA. The separate modification request procedure shall be used for that purpose.

³ The 1st Update will already have been filed pursuant to the Order of March 12, 2014.

⁴ To the extent that March 1 through 12 data does not exist, Defendants shall so note.

⁵ This method mirrors the DHS reporting approach in the four bi-monthly reports filed during 2012-2013.

DEFENDANTS' NOTES**4/11/2014**

1. This is the first Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. As directed by the Court Monitor, the only columns with data entered are the Evaluation Criteria and Actions column, the Person(s) Responsible column, and the Deadline column. Future Compliance Reports will include data in other columns as appropriate.
2. The Evaluation Criteria (EC) deadlines reflect the latest deadline of all actions under that Evaluation Criteria. Some actions under the EC might have an earlier deadline than the EC and are so noted.
3. Some of the ECs and actions in this CPA have been completed prior to the Court Order for the final CPA , therefore they have a deadline date that precedes the date of the March 12, 2014 Amended Court Order for the final CPA.
4. Terminology disclaimer: The terminology used to describe people with disabilities has changed over time. The Minnesota Department of Human Services ("Department") supports the use of "People First" language. Although outmoded and offensive terms might be found within this report or its exhibits, the Department does not endorse these terms.
5. The Exhibits for this report are numbered sequentially.

5/11/2014

1. This is the second Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. As directed, information has been included in additional fields within the "State of Compliance; Documentation for Verification", "Obstacles and Next Steps", and "Status" columns.
2. As with the First Compliance Update Report, the Exhibits for this report are numbered sequentially following the numbering of the Exhibits for that First Report.
3. The Department received feedback to the draft of this Second Compliance Update Report from the Court Monitor, the Minnesota Office of Ombudsman For Mental Health and Developmental Disabilities, and the Minnesota Governor's Council on Developmental Disabilities. The Department appreciates and was able to address some but not all of this feedback, including suggestions for more detail and documentation on progress made. The Department intends to incorporate additional detail and documentation in its Third Compliance Update Report.

7/15/2014

1. This is the third Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. As directed in the instructions provided by the Court Monitor above, for those items that had a "completed" status in the second Compliance Update Report, the Status Column is marked "Maintaining completion achieved [date]."

9/15/2014

1. This is the fourth Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. The Department appreciates feedback to the draft of this report received from the Court Monitor and the Minnesota Governor's Council on Developmental Disabilities. As requested, this report includes more data and information than previous reports within the State of Compliance / Documentation for Verification column, rather than in Exhibits.

11/17/2014

1. This is the fifth Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action. The Court Monitor provided some recommendations to shorten the report, and they are being implemented. For example, if a response for this Fifth Report is the same as in the Fourth Report, the text in the "State of Compliance; Documentation for Verification" and/ or "Obstacles and Next Steps" column reads "See 9/15/2014 Report". A column is added to the Exhibits table, listing the EC(s) where each Exhibit is referenced.
2. No text has been changed from previous Compliance Update Reports, but line spacing has been decreased in those rows from previous Compliance Update Reports to aid in shortening the length of the full Report.
3. Because November 15, 2014 falls on a Saturday, this report is being filed on the next business day, November 17, 2014, pursuant to Rule 6. The Director of the Jensen Implementation Office discussed this with the Court Monitor, who indicated that is acceptable.

2/13/2015

1. This is the sixth Compliance Update Report for the March 12, 2014, Comprehensive Plan of Action.
2. A request to initiate a one-month reporting lag for these Compliance Update Reports was submitted to the Court Monitor in December 2014 (Doc 372, filed 12/22/2014). To accomplish that lag, DHS proposed that this Sixth Compliance Update Report include documentation for only November 2014. The next, Seventh Compliance Update Report and subsequent Compliance Update Reports would return to inclusion of documentation for two months (for example, the March 16, 2015 report would include December 2014 and January 2015, and the May 15, 2015 report would include February and March 2015). The Court Monitor reported the Judge approved a one-month lag for filing only this report; the next (seventh) report on January and February 2015 activities is due for filing on March 16, 2015. Because March 15, 2015 falls on a Sunday, the report is filed on the next business day, Monday the 16th, pursuant to Rule 6.
3. A request to amend EC 98 was approved by the Court Monitor on 9/12/2014, with final text sent to him by the JIO on 10/16/2014. This report includes the new text and new Action Items. See Exhibit 172.
4. Revisions to the formatting of the Exhibit cites are included, as directed by the Court Monitor in a memo dated January 27, 2015. For those ECs and Action Items where the same Exhibits had been listed multiple times, now they are only listed in the EC rows, and are not repeated in the Action Item rows. For ECs 31 - 37, the Action Item duplicates its Evaluation Criterion, so they are combined.
There have been further discussions and correspondence with the Court Monitor on the Compliance Updates format and deadlines. Suggestions in the Court Monitor's February 5, 2015 memo regarding his approving format changes will be addressed in a separate request document.

COMPREHENSIVE PLAN OF ACTION

INTRODUCTION

On December 5, 2011, the United States District Court for the District of Minnesota adopted the Settlement Agreement in this class action. The settlement was intended to bring significant improvements to the care and treatment of individuals with developmental and other disabilities in the State of Minnesota. This Comprehensive Plan of Action (CPA) is established pursuant to the Court's Order of August 28, 2013, and with the agreement of the parties.

Part I of the CPA covers elements of the Settlement Agreement and the closure and replacement of the MSHS-Cambridge facility with community services. Part II covers the Rule 40 modernization plan. Part III is the Olmstead Plan, which is being finalized pursuant to the Court's orders.

MANAGEMENT

The Department of Human Services will establish a Jensen Implementation Team ("Team") comprised of at least four full-time professional staff, with clerical assistance, which will be responsible for management and coordination of this Part I and also Part II of this Plan. The Team will have a designated leader skilled in leadership in the field of developmental disabilities, and will have sufficient resources to fulfill its responsibilities. At least two additional professional staff will be responsible for the Department of Human Services elements of the *Olmstead* Plan.

The Jensen Implementation Team is responsible for bi-monthly updates to the Court and Court Monitor, and for promptly providing all information requested by the Court Monitor. The bi-monthly updates will be provided ten days in advance in draft to the Court Monitor, Plaintiffs' Class Counsel, the Ombudsman for Mental Health and Developmental Disabilities, and the Executive Director of the Minnesota Governor's Council on Developmental Disabilities.

STRUCTURE

The CPA includes Evaluation Criteria (EC) and accompanying Actions. The ECs set forth the outcomes to be achieved and are enforceable. The Actions under the ECs are not enforceable requirements. Compliance with an EC will be deemed to have been achieved if the EC's Actions are taken. However, the Department of Human Services may undertake alternate actions to achieve satisfaction of the EC. The Actions may be modified pursuant to the modification process set forth in the Order of August 28, 2013.

ECs are indicated by whole Arabic numbers (e.g., 1, 2) and, in the original, by blue shading. Actions are indicated by Arabic numbers with consecutive decimals (e.g., 1.1, 1.2, 1.3, 2.1, 2.2, 2.3).

DEFINITIONS

For the purposes of this Comprehensive Plan of Action, "Facility" and "Facilities" means MSHS-Cambridge, the MSOCS East Central home established under the Settlement Agreement, and the treatment homes established (or to be established) under this Comprehensive Plan of Action. The provisions of this Comprehensive Plan of Action regarding the fact and process for closure of MSHS-Cambridge and the list of discharges refer to the facility at 1425 East Rum River Drive South, Cambridge, MN 55008, and not to the MSOCS East Central home in the town of Cambridge, MN.

The Settlement Agreement states that its provisions under "System Wide Improvements" on "long term monitoring, crisis management and training represent the Department's goals and objectives; they do not constitute requirements." §X.A. For the purposes of this Comprehensive Plan of Action, the related Evaluation Criteria are to be understood as, and to be subject to, a "best efforts" standard. These are: EC 68 and 69 (long term monitoring); 70, 71 and 72 (crisis management); 73, 74 and 75 (training).

The Settlement Agreement Definitions (§III. Definitions) apply, except to the extent of the meaning of "Facility" under this Comprehensive Plan of Action, and that the "scope of DHS obligations" to individuals with developmental disabilities under the System Wide Improvements (§X) is not limited to residents of the Facility.

APPLICABILITY

This Comprehensive Plan of Action applies to the Defendant Department of Human Services, an agency of the State of Minnesota and, with regard to the *Olmstead* Plan, to the State of Minnesota. Consistent with its obligations under the Settlement Agreement, applicable law, and the federal court orders in this case, the Department of Human Services shall utilize best efforts to require counties and providers to comply with the Comprehensive Plan of Action through all necessary means within the Department of Human Services' authority, including but not limited to incentives, rule, regulation, contract, rate-setting, and withholding of funds.

EVALUATION CRITERIA AND ACTIONS

Settlement Agreement Section IV. METO CLOSURE					
<p>1. The Facilities will comply with <i>Olmstead v. L.C.</i> The Facilities are and will remain licensed to serve people with developmental disabilities. The Facility will eliminate unnecessary segregation of individuals with developmental disabilities. People will be served in the most integrated setting to which they do not object. Each individual's program will include multiple opportunities on an ongoing basis to engage with: (1) citizens in the community, (2) regular community settings, (3) participating in valued activities (4) as members of the community. These community activities will be highly individualized, drawn from the person-centered planning processes, and developed alongside the individual.</p>	<p>Director of MSHS-Cambridge and MN Life Bridge (Steve Jensen)</p>	<p>8/31/2014</p>	<p>5/11/2014 Update The facility is in the process of complying with <i>Olmstead v. L.C.</i> The Narrative section of this Compliance Update Report includes details on the status of compliance. The Facility is eliminating unnecessary segregation of individuals with developmental disabilities. There has been progress in refining and updating the processes and templates for transitioning clients out of MSHS-Cambridge. An example of a completed Transition Plan of an individual who has transitioned out of MSHS-C and a sample work-in-progress Transition Plan of an individual who has not yet transitioned out of MSHS-C illustrate the changes can be found in Exhibit 8. Ex. 8, Sample Positive Support Transition Plan A Portfolio is created for each client, containing their PCP, transition plan, and other relevant information. Ex. 9, Sample Portfolio Documents All facilities are currently licensed. Ex. 10, MSHS-Cambridge DHS and MDH licenses Ex. 11, MN Life Bridge homes DHS licenses</p>	<p>5/11/2014 Update Obstacles: Additional staff time and training are likely needed to support the pace of change. Next Steps: - Identify specific resource needs, including the likely need for additional staff time and training, and make a plan to address these resource needs. - Continue to work with DSD and refine the Transition Plan template if needed, and continue refining portfolios and transition plans of people who are still at MSHS-C. - Continue to develop individualized community activities. - Maintain licensure.</p>	<p>5/11/2014 Update Incomplete</p>

Evaluation Criteria and Actions	Person(s) Responsible	Deadline	State of Compliance; Documentation for Verification	Obstacles and Next Steps	Status
			<p>7/15/2014 Update MSHS-Cambridge has remained licensed to serve people with developmental disabilities. 5/5 individuals at MSHS-C, 1/2 at Stratton Lake, and 2/3 at East Central MSOCS have had individualized and multiple opportunities on an ongoing basis to engage with: (1) citizens in the community, (2) regular community settings, (3) participating in valued activities and (4) as members of the community that were drawn from their person-centered planning processes and developed alongside the individual. 1/2 individuals at Stratton Lake and 1/3 individuals at East Central MSOCS were admitted on June 30, 2014; they will have individualized and multiple opportunities on an ongoing basis to engage with the community.</p> <p>Portfolios and transition plans of individuals who were at MSHS-C during this reporting period continued to be refined and enriched as the individual went through the transition process. Individualized community activities were built into their plans.</p> <p>5/5 individuals at MSHS-C and 1/1 individual at Stratton Lake directed the creation of their transition plan and create and provide training to their future community staff.</p>	<p>7/15/2014 Update Next Steps: Continue to maintain licensure. Continue to ensure compliance with this EC.</p>	<p>7/15/2014 Update Incomplete</p>

			<p>9/15/2014 Update</p> <p>MSHS-Cambridge, MnLB Stratton Lake, MnLB Broberg's Lake, and East Central Minnesota State Operated Community Services (ECMSOCS) remained appropriately licensed through this reporting period.</p> <p>When the last person transitioned out of MSHS-Cambridge (the Facility) on 8/29/2014, the de-licensing process for that program location was begun, to be effective 8/30/2014. MnLB administration will continue to be stationed at the Cambridge campus for the time being, but the program there is closed.</p> <p>During this reporting period, there was one person who received services at MSHS-Cambridge (who moved to the community on 8/29/2014), five people who received services at MnLB Stratton Lake for some period of time, and three people residing at ECMSOCS.</p> <p>The Facility was substantially compliant with eliminating unnecessary segregation of individuals with developmental disabilities. People who had been served at MSHS-Cambridge were assisted to transition to community settings and services, and in the most integrated settings to which they did not object.</p> <p>Each individual's program and plans include opportunities to engage with the community according to the individual's choices, interests, and abilities. These were developed by and with the individual.</p>	<p>9/15/2014 Update</p> <p>Next Steps:</p> <ul style="list-style-type: none"> - Continue to comply with <i>Olmstead</i> v. LC. - Continue to maintain appropriate licensure for the community settings. - Continue to work on eliminating unnecessary segregation of individuals with developmental disabilities, and to locate or develop more integrated settings. - Continue to include opportunities for individuals to engage with the community in their person centered and transition planning. 	<p>9/15/2014 Update</p> <p>Complete</p>

			<p>As individuals' status and plans changes, these plans may be edited to address their current interests and readiness for more integration into various life areas. Documentation for verification is found in individual plans.</p> <p>11/17/2014 Update During this reporting period, 4/4 individuals served at Stratton Lake, 2/2 individuals served at Broberg's Lake, and 3/3 residents of ECMSOCS had individual plans that address integration within the following life areas: (1) home; (2) work; (3) transportation; (4) lifelong learning and education; (5) healthcare and healthy living; and (6) community and civic engagement. MLB policy includes reviewing and updating plans monthly. ECMSOCS policy includes reviewing and updating plans quarterly, so Ex. 117 from the Fourth Compliance Update Report contains the most recent plans for residents at ECMSOCS.</p> <p>2/13/2015 Update 3/3 individuals served at Stratton Lake, 3/3 individuals served at Broberg's Lake, and 4/4 residents of ECMSOCS had individual plans that address integration within the following life areas: (1) home; (2) work; (3) transportation; (4) lifelong learning and education; (5) healthcare and healthy living; and (6) community and civic engagement.</p>	<p>11/17/2014 Update See 9/15/2014 response.</p> <p>2/13/2015 Update See 9/15/2014 response.</p>	<p>9/15/2014 Update Complete</p> <p>11/17/2014 Update Maintaining completion achieved 8/31/2014</p> <p>2/13/2015 Update Maintaining completion achieved 8/31/2014</p>

<p>1.2 Cambridge and successor facilities apply strong efforts to individualize and personalize the interior setting of the home. This includes exerting maximal feasible efforts to assist individuals to personalize and individualize their bedrooms and common areas, to make each common area aesthetically pleasing, and to actively support individuals to bring, care for, acquire, and display personal possessions, photographs and important personal items. Consistent with person-centered plans, this may include the program purchasing such items which will build towards transition to a new place to live.</p>	<p>Director of MSHS-Cambridge and MN Life Bridge (Steve Jensen)</p>	<p>8/31/2014</p>	<p>5/11/2014 Update Efforts are focused on making sure that individuals have opportunities to personalize their homes. Some examples: They have a choice of mattress size (single or full) and bedding for their bedrooms. They can choose the paint color, and what if any decorations, pictures, photos, etc. are placed in rooms. One resident's choice is to sleep in a tent. He was not comfortable with the first tent purchased for him, but he likes the second one. Ex. 13, Photos of individual choices for personalizing their bedroom</p> <p>7/15/2014 Update Since August 1 2013 - 13/13 people have been provided the opportunity to be involved in decorating their rooms. 13/13 people have made individual choices as to items or decorations in their rooms. 10/13 have chosen to have their rooms painted.</p> <p>As individuals have prepared for transition, they visit homes and get to select where they will move to. For example, one of the individuals would like to have a workroom, so that is something he has looked for when he visits potential settings.</p>	<p>5/11/2014 Update Next Steps: Continue to apply strong efforts to individualize and personalize the interior setting of the homes.</p> <p>7/15/2014 Update Next Steps: Continue to apply strong efforts to individualize and personalize the interior setting of the homes, to allow individuals to make their choices, and to support those choices.</p>	<p>5/11/2014 Update Incomplete</p> <p>7/15/2014 Update Incomplete</p>

			<p>9/15/2014 Update MSHS-Cambridge and successor facilities continue to apply strong efforts to assist individuals to individualize and personalize the interior setting of the home as those individuals choose. 1/1 individuals at MSHS-C, 5/5 individuals at MnLB Stratton Lake, and 4/4 residents of ECMSOCS are aware of and have been given opportunities to individualize and personalize the interior setting of the home.</p> <p>For example, there were individuals who chose to have their room at MSHS-C painted a color they selected. To date, clients at MnLB Stratton Lakes know they can personalize their room, but as yet no one served there has chosen to have their room painted.</p> <p>All individuals at MnLB Stratton Lake have been given the choice of a queen size or single (twin) size bed. One person at MSHS-C chose to have a tent in the bedroom. The form was edited during this reporting period.</p> <p>7/15/2014 Update During this reporting period, staff completed two restraint EUMRs (DHS-3654 Notification Form). In one of the situations, it was unclear to staff at the time of the incident if the action taken could be considered a manual restraint - the staff placed themselves between the individual and a potential danger, without making physical contact. The situation did not meet the definition of "manual restraint", so the EUMR was not for a restraint. It is not included in documentation on restraint EUMRs in this Third Compliance Update Report. 			<p>For one use of a manual restraint this reporting period, contact with the Medical Officer was not made within 30 minutes of the onset of the emergency because of the intensity and location of the incident on a busy highway, and follow up with staff at that time. The person did contact the Medical Officer the next morning (the incident happened in the evening).</p> <p>11/11 incidents were reviewed within one business day as required.</p> <p>During an internal audit, it was discovered that one notification of a use of manual restraint from the previous reporting period was not sent timely. There were multiple incidents with one client during that time (not all required a DHS-3654). Over the Labor Day weekend there should have been two notifications (DHS-3654) sent out.</p> <p>The supervisor processing those notifications had various computer issues, and forgot to send the first notification when the issues of the second notification were resolved. This self-audit finding was reported to the Court Monitor and Parties on 9/25/2014 and an update sent on 9/26/2014.</p> <p>Documentation is stored at Op Central and in the Jensen SharePoint site. SETTLEMENT AGREEMENT SECTION VIII. TRANSITION PLANNING

<p>47. The State undertakes best efforts to ensure that each resident is served in the most integrated setting appropriate to meet such person's individualized needs, including home or community settings. Each individual currently living at the Facility, and all individuals admitted, will be assisted to move towards more integrated community settings. These settings are highly individualized and maximize the opportunity for social and physical integration, given each person's legal standing. In every situation, opportunities to move to a living situation with more freedom, and which is more typical, will be pursued.</p>	<p>MN Life Bridge Clinical Director (Tim Moore) / MN Life Bridge Transition Coordinator (substitute: Tiffany Byers-Draeger)</p>	<p>10/31/2014</p>	<p>5/11/2014 Update</p> <p>There is a team meeting every 30 days to review and update the resident's plans, services, and supports.</p> <p>There is a meeting scheduled every two weeks with the person and their staff to review the person's status and to continue developing and refining their PCP and transition plans.</p> <p>The Jensen Implementation Office and the DHS Disability Services Division (DSD) are working together to support the residents. DSD has created a Community Capacity Building Team that will provide another level of support and assistance to develop more integrated settings.</p> <p>Staff assigned to that Team have experience working with clients, families, and legal representatives. 			<p>9/15/2014 Update Dr. Danov has resigned her position at MN Life Bridge. She has provided training to the clinical team at MnLB and will remain available for consultation about person-centered plans, but will not be able to formally facilitate. A national search to fill the position will begin in the coming weeks. In the interim, Dr. Moore and others will fill in to make sure tasks are accomplished.</p> <p>11/17/2014 Update Amber Maki, BA3, and Dr. Moore have been completing and updating person-centered plans as a replacement for Dr. Danov is recruited and hired. Dr. Shannon Torborg, from the JIO, has been doing assessments and reviews. CSS staff are helping conduct the initial assessments of the therapeutic follow-up group. Other staff from MLB and CSS are assisting by doing tasks, such as setting up appointments, that Dr. Danov did in the course of her job but that do not require that level of credentials and training.</p>	<p>9/15/2014 Update Obstacles: A limited number of qualified candidates are available with the required credentials, and this search may take some time. 			<p>11/17/2014 Update The MSHS-Cambridge campus is closed and no longer licensed. Broberg’s Lake and Stratton Lake are both actively supporting people now. Current MLB staff are all working in community programs now. Some retired, 4 are on leaves, and new individuals are being hired to support replacement. Seven staff joined in October, and several more are being recruited for various DSP or professional positions. MLB administration is applying updated expectations for desired qualities for new hires that we think predict success with best practice applications.</p> <p>2/13/2015 Update Broberg’s Lake and Stratton Lake are both actively supporting people. MLB continues to work on locating housing options for future development, in and around the Twin Cities metro area and in northeastern Minnesota. One possibility being discussed is to use apartments rather than houses. This could make it quicker and more efficient to locate and secure housing for people, without needing to find investors / owners of houses that would rent them out.</p>	<p>11/17/2014 Update Next Steps: - Continue to work at locating housing in the west metro and NE MN for next development. - Continue training new staff - Continue hiring process for vacant positions</p> <p>2/13/2015 Update See 11/17/2014 response.</p>	<p>11/17/2014 Update Maintaining completion achieved 8/31/2014</p> <p>2/13/2015 Update Maintaining completion achieved 8/31/2014</p>

<p>Agreement and currently accepted professional standards. Staff reassigned from MSHS-Cambridge will receive additional orientation training and supervision to meet these qualifications within 6 months of reassignment.</p>			<p>7/15/2014 Update There were no hires at MSHS-Cambridge or MN Life Bridge during this reporting period. We anticipate there may be new staff or reassignments during the next reporting period.</p> <p>9/15/2014 Update - MN Life Bridge and MSHS-Cambridge had no new hires during this reporting period. - MnLB is in the process of interviewing for replacement and new BMA positions for both community sites. - Some staff reassignments occurred to Stratton Lake when new admits there occurred in July. - 7/7 employees reassigned during this reporting period to Stratton Lake (MSHS-Cambridge staff who bid into Broberg's Lake positions) have already received training in community based services and/or possessed experience in community based services.</p>	<p>Next Steps: Review existing position descriptions, and update as necessary to comply with this Plan. Create new position descriptions in compliance. More open BMA positions will be filled through interviewing in the near future. Approximately one week after the closing of the campus program, Broberg's Lake admitted the first individual on 9/8/14. 9 employees, previously assigned to work at the campus, were briefly reassigned (for 1 week) to Stratton Lake until Broberg's Lake opened. -3 employees who were reassigned from the campus to Stratton Lake for five weeks prior to the campus closing also started working at Broberg's Lake when it opened. 			<p>9/15/2014 Update The initial focus when a person begins receiving MnLB services is to address the crisis or emergent situation that brought them to MnLB. Once the person is able to get past that, they continue to develop and enrich their person centered plans and transition planning. Based on the person-centered work completed with each individual, opportunities for developing or exercising vocational skills are explored that meet the expressed interests of that individual. Sometimes this entails learning or brushing up on pre-vocational skills and activities (for example, what is expected of an employee - hygiene, clothing, work hours); sometimes this entails skills assessments and discussions to better clarify educational or vocational needs or choices or opportunities; learning how to apply and interview for positions; and sometimes there are other activities - based on the individual's needs and interests.</p>	<p>9/15/2014 Update Next Steps: - Continue offering opportunities to individuals to explore and develop vocational skills / experiences. - Provide continued assistance with vocational assessment, training, seeking / attaining resources, applying for and maintaining employment.</p>	<p>9/15/2014 Update Maintaining completion achieved 6/30/2014</p>

Modernization of Rule 40

BACKGROUND

“Rule 40,” *Use of Aversive and Deprivation Procedures in Licensed Facilities Serving Persons with Developmental Disabilities*, implements Minnesota Statute Section 245.825 by setting standards for the use of aversive and deprivation procedures with persons who have a developmental disability and who are served by a DHS license holder.

Rule 40 was promulgated in 1987 and was intended to represent best practices at the time. However, it does not represent current best practices, including those supported by the Association of Positive Behavior Supports. The Settlement Agreement required the appointment of an advisory committee for the following purposes:

“to study, review and advise the Department on how to modernize Rule 40 to reflect current best practices, including, but not limited to the use of positive and social behavioral supports, and the development of placement plans consistent with the principle of the 'most integrated setting' and 'person centered planning, and development of an ‘Olmstead Plan’” consistent with the U.S. Supreme Court’s decision in Olmstead v. L.C., 527 U.S. 582 (1999).”

Settlement Agreement at §X.C.

THE ADVISORY COMMITTEE REPORT WAS ACCEPTED BY THE DEPARTMENT

The advisory committee studied the literature, received consultation regarding best practices, and deliberated over many months to formulate a detailed and comprehensive analysis with recommendations. Rule 40 Advisory Committee Recommendations on Best Practices and Modernization of Rule 40 (Final Version - July 2013). The recommendations were fully accepted by the Department which wrote the introduction to the Committee's report:

“Ensuring that the Minnesotans who receive services are treated with respect and dignity is a key element of the mission of the Department of Human Services (the Department or DHS). As an agency with responsibilities for the administration and oversight of services, as well as a provider of services, we are committed to fulfilling our mission consistent with the current best practices and principles that support inclusive community living and quality of life.

To that end, DHS will prohibit procedures that cause pain, whether physical, emotional or psychological, and establish a plan to prohibit use of seclusion and restraints for programs and services licensed or certified by the department. It is our expectation that service providers, including state operated services, will seek out and implement therapeutic interventions and positive approaches that reflect best practices.”

*“Current best practices include, but are not limited to, the use of positive and social behavioral supports, prohibitions on use of restraints and seclusion, trauma informed care, and the development of community support plans that are consistent with the principles of the “most integrated setting” and “person centered planning,” consistent with the U.S. Supreme Court’s decision in Olmstead v. L.C., 527 U.S. 581 (1999). * * * To achieve these changes across our service system, we will create a culture that honors the trust placed in us both as a provider and as a department responsible for the administration and oversight of many of the services that support citizens.”*

			<p>11/17/2014 Update DHS will begin working with other State agencies/Offices in November in accordance with the State Administrative Procedures Act and the Governor's Office policy. Among these other entities is the Governor's Legislative Office, which must approve DHS' plans to publish the Notice of Hearing and proposed rules in December. DHS will submit a package to the Governor's Legislative Office for approval on or about 11/17, when the Statement of Need and Reasonableness is largely drafted. That Office needs sufficient lead time to turn around an approval by mid-December, so DHS can meet the State Register advance copy deadline for December publication.</p> <p>2/13/2015 Update The rule development phase was completed in December 2014, culminating in the preparation of two documents: a Revisor-certified proposed rule, and the Statement of Need and Reasonableness (SONAR) that supports it. 			<p>2/13/2015 Update</p> <p>The rule development phase was completed in December 2014, culminating in the preparation of two documents: a Revisor-certified proposed rule, and the Statement of Need and Reasonableness (SONAR) that supports it. A Notice of Hearing was published in the December 29, 2014 State Register.</p> <p>Due to an error by the State Register Office, the proposed rules did not appear in the State Register on that date, but were available on the DHS website, and the web address and link were provided in the Notice of Hearing. Consequently, an Amended Notice of Hearing and the proposed rules were published in the January 12, 2015 State Register and mailed to stakeholders. This course of action has been approved by the assigned Administrative Law Judge and will not affect the hearing schedule.</p> <p>DHS web page on the Positive Support Strategies proposed rules December 29, 2014 State Register with Notice of Hearing January 12, 2015 State Register with Notice of Hearing and proposed rules</p> <p>DHS mailed the notice of hearing to stakeholders during the last two weeks in December 2014. Fourth Compliance Update Report - FINAL NARRATIVE REPORT

September 15, 2014

This is an update on the closure of MSHS-Cambridge and its replacement with community-based services, as required by the Court's Orders of August 28, 2013, Dkt. No. 224 and March 12, 2014, Dkt. No. 284.

The entire first narrative, with subsequent updates, is included below.

UPDATE 9/15/2014

Please note the format of this report has been modified. Updates are now located directly beneath the applicable section of the original 4/11/2014 Update Report text.

I. Court Orders

In its Order of August 28, 2013, this Court required the Comprehensive Plan of Action to separately include information regarding the replacement of the Cambridge facility with community-based services. The Court specified: “(a) a timetable for all tasks and activities; (b) identification of resources to be reallocated to the community services, including funding and staffing for such services; (c) the nature, quantity and location of the community-based services (residential and non-residential), sufficient to serve current Cambridge clients and those who would otherwise be served if the Cambridge facility had been maintained; and (d) a description of the mechanisms through which the DHS will carefully track and monitor the replacement process.” Order of August 28, 2013, Dkt. No. 224, para. 3.

In its Order of March 12, 2014, this Court required the first update to “include a revised narrative and the additional information for the MSHS-Cambridge closure and replacement” required by the Order of August 28, 2013.

This report is submitted in response to those Orders.

II. Minnesota Life Bridge

MSHS-Cambridge is transitioning to Minnesota Life Bridge (“MN Life Bridge”), a community-based program, with mobile support services for individuals with developmental disabilities who exhibit severe behaviors that present a risk to public safety. The supports provided are community based and are intended to be in line with Olmstead principles, the Jensen Settlement Agreement, and the Comprehensive Plan of Action. As a community based program, Minnesota Life Bridge will be able to provide a more integrated service model with greater emphasis on person centered programs, positive behavioral supports, and more rapid transition to the most integrated settings in communities of choice. The mission statement for Minnesota Life Bridge is, “Successful Transition to a Successful Life.” ☐

On March 4, 2014, MSHS – Cambridge stopped accepting admissions and MN Life Bridge began accepting them. The eligibility and admission criteria, however, have not changed. Currently, five individuals remain at MSHS-Cambridge. All will move to integrated settings within the next several weeks. After the last individual leaves, MSHS-Cambridge will wind down its affairs and, it is expected by August 31, 2014, it will cease to exist as an entity.

UPDATE 5/11/2014

DHS Bulletin 14-76-01 Transition of Minnesota Specialty Health System (MSHS) – Cambridge to Minnesota Life Bridge: Admission and Discharge Processes, Transition Planning and Community Mobile Support Services, was issued on April 29, 2014. It was sent to County Directors, Social Service Supervisors and Staff, State Court Judges, County Attorneys, Advocates, consumers, legal representatives and families, and posted on the DHS bulletins webpage and in listservs.

Five individuals remain on the Cambridge Campus. In the next three weeks, three of them will transition to their newly chosen homes and communities within three weeks, and the remaining two people continue to develop and refine their transition plans. One had a set-back resulting in his not being able to return to his previous community and home due to issues with roommates and concerns over negative relationships. Another opportunity in a city close to other family he prefers is under review with him as he had expressed interest and preference.

The individual in the Stratton Lake Community Based Treatment home is engaged in transition planning with her family and team. They are hoping to find her a desirable setting in or around Kanabec County where her family lives and where she grew up. She is exploring future employment opportunities that might be available there as well.

UPDATE 7/15/2014

As of June 30, 2014, one individual remains at the MSHS-Cambridge Campus. He is slated to move to his own home in the Brainerd area in July or August 2014 so he can be closer to his sisters. There were numerous unexpected complications to overcome in the planning for the man's transition. The Jensen Implementation Office, MSOCS (the provider for residential and vocation supports), and MN Life Bridge administration and clinical team have spent scores of hours working to resolve obstacles.

UPDATE 9/15/2014

The last person transitioned out of MSHS-Cambridge on 8/29/14, and moved to his own home in the Brainerd area. Notice was given to DHS and MDH Licensing prior to that date that the effective date of closure of MSHS-Cambridge was August 30, 2014.

A. Timetable for All Tasks and Activities:

The timetable for tasks and activities regarding replacement of MSHS-Cambridge with community-based services may be found in the Comprehensive Plan of Action (CPA), Evaluation Criteria (EC) 88-96, filed herewith.

In addition, activities and timelines are noted below.

B. Identification of Resources to be Reallocated to Community Services, Including funding and staffing:

1. Funding

Approximately \$4.2 million has been appropriated to MSHS – Cambridge through FY 2014, ending June 30, 2014. DHS has budgeted revenue of \$4.2 to MN Life Bridge in FY 2015 and also to fund the MN Life Bridge program. As more fully described below, there are currently two treatment homes beginning operations with two more treatment homes under development. The projected revenue sources for each home derive from budget appropriations and Medicaid waived services, in an amount projected to be up to \$1.14 million annually for each home. Because waived services are paid as fee-for-service, the actual revenue may be higher once the treatment homes are opened and serving clients. In addition to the appropriated amount for FY 2014, State Operated Services has funded the start-up costs for the two new MN Life Bridge treatment homes. Those costs included initial leasing, remodeling, furnishing, and decorating the treatment homes.

UPDATE 5/11/2014

We are waiting for legislative approval of the funding.

UPDATE 7/15/2014

For the Therapeutic Follow Up Project, the 2014 Minnesota Legislature appropriated \$900,000 for SFY2015, and \$800,000 annually for SFY 2016 and SFY 2017.

UPDATE 9/15/2014

Funding and budgets for Minnesota Life Bridge are in place for \$4.4 Million of appropriations for specialty services, mobility, clinical supports, state-wide development, and administrative needs for FY 2015.
 - \$910,000 is set aside for the Successful Life Project (formerly referred to as Therapeutic Follow Up, from EC98).
 \$2.3 Million is projected to be captured in services for individuals in the community based homes through Medical Assistance Waiver programs.
 The total available funds will be more than \$7 Million.

2. Staffing

MSHS – Cambridge is licensed to serve up to 16 people. For this capacity, MSHS – Cambridge had 45 – 50 direct support professional staff. MN Life Bridge has two treatment homes beginning operations and two more treatment homes under development. Together, these four treatment homes will be licensed to serve 15 people. MN Life Bridge is designed to have up to 61 full-time-equivalency (FTE) direct support professional staff. This is a greater number than at MSHS – Cambridge because MN Life Bridge staff will also provide mobile support services. However, since the MN Life Bridge treatment homes and mobile support services are not yet fully developed, MN Life Bridge does not currently have 61 FTE direct support professional staff. MN Life Bridge administrative staff are currently located at MSHS–Cambridge and now oversee the MSHS – Cambridge campus, the two new treatment homes, the development of two additional treatment homes, and the creation of our mobile support services. Our organizational chart below depicts the current administrative structure of MN Life Bridge.

In addition, some MSHS – Cambridge direct support professional positions have changed to reflect the change in duties from providing care at MSHS – Cambridge to providing support in community settings. For example, the former Unit Supervisor positions are now Community Residential Supervisor positions, which provide supervision of dispersed staff and programs in the community. Also, several MSHS – Cambridge direct care staff have been redistributed to the two new MN Life Bridge treatment homes. Some staff continue to work at MSHS – Cambridge to provide support to the five individuals who remain there. As the transition from MSHS – Cambridge to MN Life Bridge proceeds, some staff may choose to retire or seek reassignment to another Direct Care and Treatment program. In those cases, new staff will be hired to fill vacancies. During the transition period from MSHS – Cambridge to MN Life Bridge, an Assistant Group Supervisor and some additional staff have been assisting MN Life Bridge. These staff will move to other parts of Direct Care and Treatment once the MSHS – Cambridge campus closes. As the two new treatment homes are developed and accept individuals, MN Life Bridge will hire staff for those treatment homes.

UPDATE 5/11/2014

Staff who have and will be moving to the community homes have had 2 days of training to introduce them to community based services. Hands-on training will begin on May 1, 2014 to enhance the staff application of Positive Behavioral Support Interventions both on the MSHS-Cambridge campus and in the community treatment homes.

UPDATE 7/15/2014

During recent months, MSHS-Cambridge administration has monitored staffing on a daily basis. Several staff who worked on the campus had transferred to other positions in the department or retired due to the Memorandum of Understanding (MOU) worked out with labor partners.

At least four staff had taken unexpected leaves due to family or personal issues.

An additional MOU was created in June to enable people who had worked on the campus and were trained to work for MN Life Bridge to help bolster staffing.

In addition, clinical and management staff have been working shifts to support the staff as well.

As individuals transition to their new home the staffing becomes easier.

UPDATE 9/15/2014

Some staff continued to work at MSHS-Cambridge through its closure before being deployed to work at a community home.

Staff at Stratton Lake have been effective with good retention.

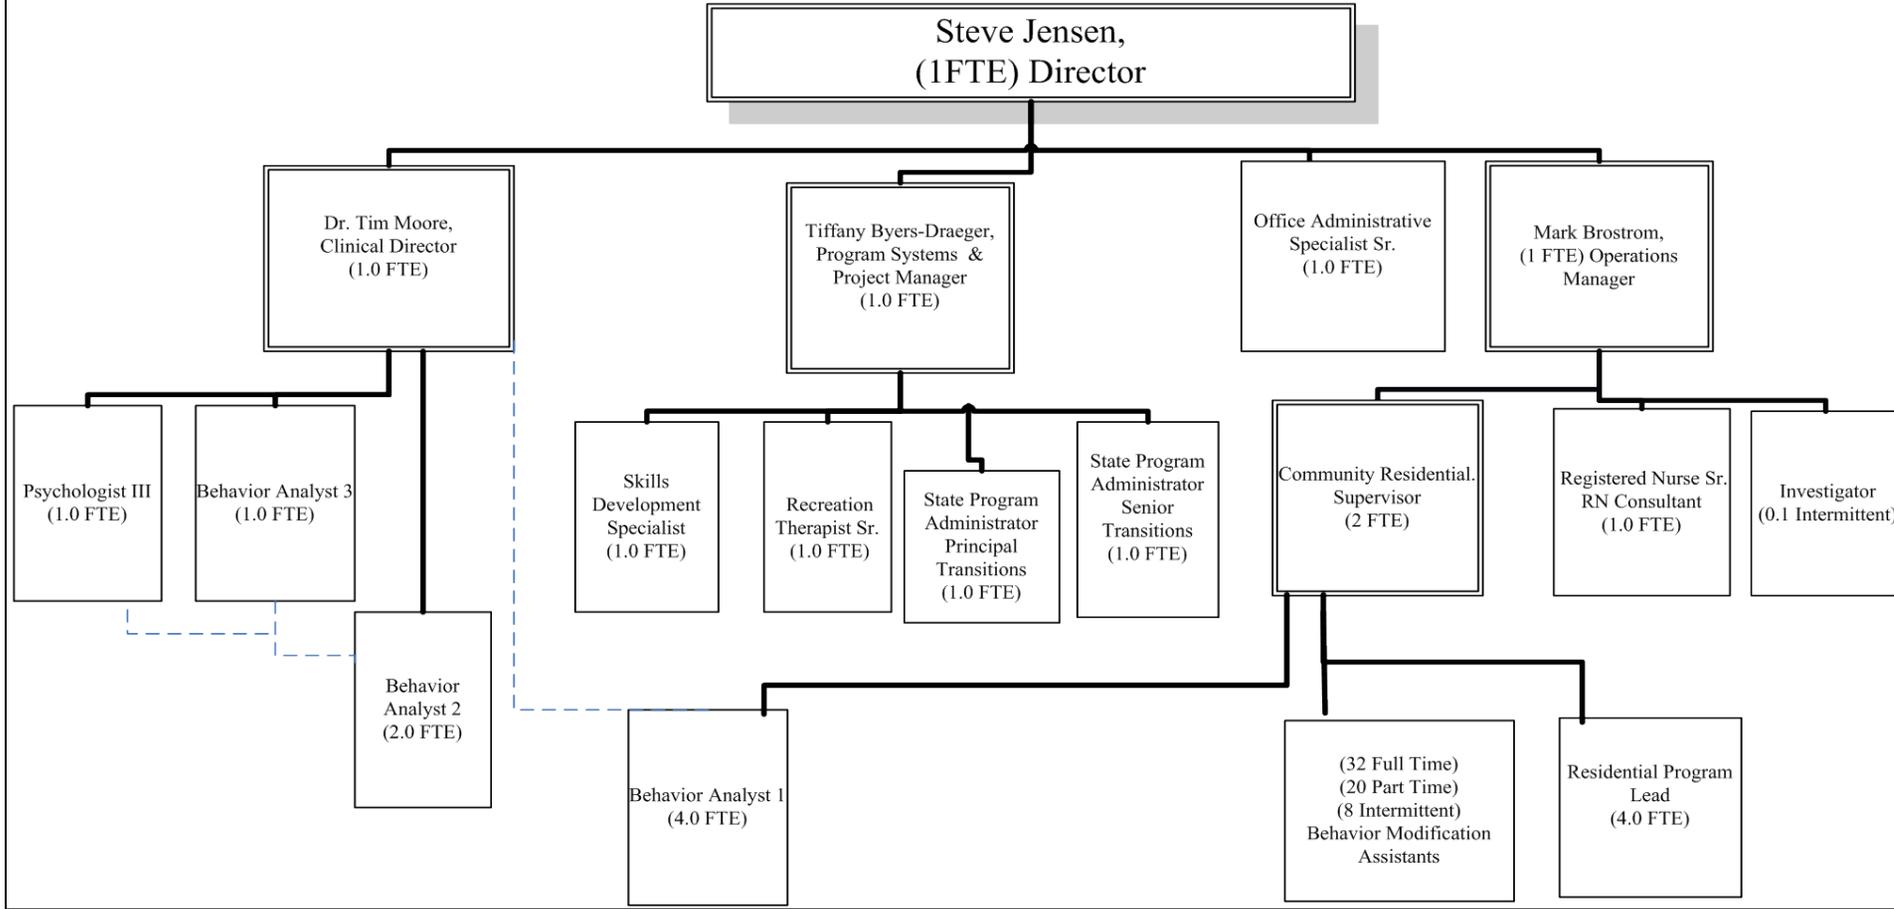

Several staff who had been assigned to or chose to work at the Broberg's Lake home were available to work at the Stratton Lake home because there were no people receiving services at Broberg's Lake during this reporting period. [Note: Union contracting required different work units at MSHS-C and the community homes, so staff could not be deployed in both settings.]

Three individuals are retiring and hiring is underway to replace them and to add additional DSPs for local and mobility staff development. MN Life Bridge is currently posting and hiring for at least 14 new DSP positions.

The new Successful Life Project (SLP) team is being formed. Interviews are underway for 5 Board certified BA3 positions, and interviews have been completed for the RN position on that team. Interviews have begun for the Information Coordinator position, which will integrate and synthesize program information for better use of data and its organization and accessibility.

**Minnesota Life Bridge
Administration**

Organizational Chart March 2014

C. The nature, quantity and location of the community-based services (residential and non-residential), sufficient to serve current Cambridge clients and those who would otherwise be served if the Cambridge facility had been maintained:

MN Life Bridge will provide crisis stabilization, transition, and supportive services in the most integrated setting. MN Life Bridge is designed to: 1) provide temporary housing and transitional support to individuals without a home; 2) prevent individuals from having to leave their current home; and 3) support individuals in the community once they have left a MN Life Bridge treatment home. MN Life Bridge provides community based supports for individuals at its treatment homes and community mobile support services.

I. MN Life Bridge Treatment Homes

a. Nature

MN Life Bridge treatment homes are designed to: 1) provide temporary housing and treatment support as close as possible to an individual's preferred home, family, friends and job; and 2) to support an individual's transition from MN Life Bridge to the most integrated setting appropriate to his or her needs.

b. Quantity and Location

Both Stratton Lake and Broberg's Lake are in the Cambridge area. In addition to these locations, MN Life Bridge is developing treatment homes in northeastern Minnesota and in the west or south-metro area. MN Life Bridge has a goal of acquiring a site in northern Minnesota (tentatively called "West Arrowhead") by July 1, 2014, with licensing to occur by September 1, 2014. In addition, MN Life Bridge has a goal of acquiring a west or south-metro area site by September 1, 2014, and to license it by November 1, 2014.

2. MN Life Bridge Mobile Support Services

A core service is to divert individuals from needing out-of-home placement by providing supports to avert crises. To this end, over the next several months, MN Life Bridge will devote important management and clinical resources to developing mobile support services. In coordination with Community Support Services (CSS), Minnesota Life Bridge has already dispatched clinicians to individuals in their community homes to provide supports. Early experiences have been mixed, with some success and some lessons learned about what is necessary to collaborate for best results.

UPDATE 5/11/2014

A current effort involving mobility staff is one where MN Life Bridge is engaged with an individual from southwestern Minnesota who is a class member and who received a discharge notice from a community provider who has supported him for nine years. MN Life Bridge has teamed up with DHS Disability Services Division, the county, and CSS to meet with the provider and find out more about their decision, and to explain what supports may be available to assist them in managing their concerns. Once this review of the provider's status is complete, MN Life Bridge wishes to connect with the family and the rest of the team to help figure out how to support the man so he may stay in his long time home and with his long time staff.

UPDATE 7/15/2014

MN LB continues to have success in helping individuals maintain their community based placements by redirecting people to more appropriate services and by providing additional clinical supports as in the case discussed in the May 11, 2014 update. In that case a plan is in place to allow the individual to stay in his permanent community home. Implementation of a new FBA and Positive Support Transition Plan, and a PCP planning process has also begun involving the person and his whole team.

UPDATE 9/15/2014

Strong efforts at diversion continue from MnLB. During this period there were people directly diverted from needing admission to MN Life Bridge and they were either supported in their current homes or referred to a more appropriate setting for supports they needed.

To date this work has been done primarily by clinical staff or designated coordinators. The intention now is to add DSP staff who can perform additional direct support program functions going forward as we mature and gain presence in other parts of the state.

There were 5 individuals served by MN Life Bridge in the last reporting period (July and August 2014) and all were served in the Stratton Lake home.

- One person remains there from when it opened on March 4 and she is ready for community placement as soon as the community provider develops her home in which she will live alone with supports.

- One person was present for three weeks and after a period of good adjustment returned to her home community, after several trips to her home including a business trip and stay at a hotel so she could train her new staff and facilitate her transition plan. It went well, though there has been a setback due to threats she made about staff's families. MN Life Bridge and DHS Counsel are working on resolution so she can continue to be in the community.

- Three individuals came into the facility in July over the course of about ten days.

- One is ready for discharge and should move soon.

- One has had solid progress and the county is beginning its transitions planning with possible providers.

- The third person has a dual diagnosis and was suicidal; he was admitted to a Twin Cities hospital to help him stabilize medically and he will probably return to Mn Life Bridge.

Among those who have discharged from MN Life Bridge during the prior reporting periods, most are thriving. In one case the provider has had trouble sticking to the transition plan, though it is reported they have done better more recently with the help of the MN Life Bridge team. CSS is involved with most of the individuals who have been served at MN Life Bridge.

The last person in the MSHS-Cambridge program moved to his own home which he found and rents, and has visiting staff in the Brainerd area. He is an avid fisherman and he can walk or bike to fish any time he wishes. He is interested in finding work and had an interview while still at MSHS-Cambridge. Though he did not get the job he appreciated the practice of the experience. He is interested in custodial work. Since moving on 8/29/2014 there are no reports of significant behavioral incidents and the provider appears to be following the transition plan. This individual chose his home, and interviewed and chose his staff. He facilitates his own meetings (which is sometime difficult as team members have to change old habits of "power over". He presented a power point training of his PCP profile. Three clinical staff from MN Life Bridge are rotating visits to his home to assure two to three visits a week. This ensures crossover in the transition work to assure fidelity from the staff and to assist in any adjustments that may need to be made at the individual's or team's recommendation.

a. Nature

MN Life Bridge mobile support services are intended to serve individuals in their current setting. MN Life Bridge mobile support services can provide auxiliary service supports, consultation, mobile teams, and training to the individual and those supporting the individual in his or her own home, family home, group home, work place and throughout the community as quickly as possible to provide a safety network, as needed, to help prevent re-institutionalization and other transfers to a more restrictive setting, and to maintain the individual in the most integrated setting. These services will be provided in collaboration with the Community Support Services (CSS) and other crisis services that are augmentative.

b. Quantity and Location

MN Life Bridge is working with the DHS Disabilities Services Division to seek data that will help project how many individuals might need our mobile support services and what kind of activity is expected regionally across the state. MN Life Bridge intends to provide mobile support services to anyone who is eligible and requires the service.

UPDATE 5/11/2014

MN Life Bridge Administration has a first meeting set with DSD staff to review their data and see how it may be sorted or extended to help with resource location decisions.

UPDATE 9/15/2014

Ideally, MN Life Bridge hopes to be able to have staff deployed in such a way so that support can go to any part of the state. To date diversion activity has occurred in regions around Minnesota near Duluth, Brainerd, Moorhead, Worthington, Mankato, Rochester, Fulda, the Twin Cities and the Iron Range.

This remains an active objective that will be completed before the development and operation of the next two homes, planned for northeast Minnesota and the Twin Cities.

D. Mechanisms through which DHS will carefully track and monitor the replacement process:

DHS has monitored and continues to monitor and track the transition from MSHS – Cambridge to MN Life Bridge through the following mechanisms:

1. Logistics

During the key time of development of the community based alternatives in Isanti County a DHS Repurposing Committee met weekly to review all development needs including: personnel, labor, public policy, communications with local leaders and citizens, legal concerns, licensing, property acquisition and financial questions. The committee met almost every week from mid-September, 2014 through mid-March 2014 and included the DHS Deputy Commissioner, Human Resources Director, Communications Director, Legislative Director, the MN Life Bridge Director, and others. A Gantt chart served as a tool to track and monitor the replacement process.

Upon entering key phases of future home development, the committee will reconvene to guide the development in the same manner.

2. Financial

Tracking budget and financial information for the replacement process is a core responsibility for DHS at every level. Annual budgets are created by MN Life Bridge, in processes overseen by the Deputy Commissioner, DHS Finance, and others throughout the administration based on the budgets authorized by the Legislature and approved by the Governor. Detailed financial information is available and monthly financials are produced for review by supervisors, managers, and administrators to assure proper application of revenue and expenses and to note potential problems and address them. For MN Life Bridge, a budget is submitted for each site and each budget is together in a rollup for the whole organization.

3. Individuals we serve

A Census is recorded daily for both MSHS-Cambridge and individual MN Life Bridge treatment homes. As MN Life Bridge treatment homes and mobile support services extend across Minnesota, census will be tracked and updated. In addition, we hold weekly diversion meetings to assess and track individuals who could potentially need our services.

UPDATE 9/15/2014

This objective of replacing the MSHS-Cambridge program was completed on August 30, 2014 when the campus no longer supported individuals with DD and the licenses were discontinued upon the department's and MN Life Bridge's request. Community licenses and designation have been and are in force and MN Life Bridge is compliant.

Dear Peg,

Your modification request, below, is received and, unless anyone objects, will be granted as stated in the attached JENSEN DECISION MODIFICATION REQUEST 8/29/14.

For future reference, such a request must be copied to Plaintiffs' counsel. Roberta and Colleen should also receive copies.

This time, to facilitate your moving this forward, and since the delay sought is relatively short, and the detailed new action steps are well organized, I'm granting the request, reserving the right to reconsider if there is any objection.

David

COURT MONITOR DECISION

DHS CPA Modification

Request No. 2014-1

Comprehensive Plan Action (CPA) Action Item Evaluation Criteria (EC) Number:	EC 98
CPA Action Item EC Number Page Number:	Page 30 (Second Amended Comprehensive Plan of Action - Document 283 Filed 03/12/14)

Reason for requested modification:

DHS is requesting an extension to the current deadline for completion of EC 98 to allow for the hiring and training of qualified staff and to ensure sufficient time to achieve substantial compliance with the EC. MN Life Bridge (MLB) is in the process of filling the staff positions that will be a part of the **MLB Successful Lives Project** (formerly Therapeutic Follow Up.) All board-certified BA-3 staff have been interviewed and offers will be made next week. Internal candidates for the RN and administrative support positions have been identified.

Proposed Action Steps

1. Successful Lives Project (SLP) staff will initiate a statewide review process (Well Being Check) on or about October 1, 2014 to perform an initial screening (Well Being Check) on all of all persons included in therapeutic follow-up group no later than November 30, 2014. This review will be a brief face-to-face meeting with each individual to assess the general well-being of the person in his or her home and to determine if there are any critical or immediate health or safety issues.
2. A tool to help reviewers screen individuals, approved for use by the court monitor, is being developed from existing instruments and will be able to be applied when the reviews begin.
3. During the Well Being Check immediate follow-up will take place on any person for whom home health and safety concerns have been identified. Appropriate actions and referral will be made as appropriate.
4. This process will assist the SLP in prioritizing needs of individuals for the next phase of a more robust assessment using the Community Compliance Review Tool.
5. Following the completion of the initial screening Well Being Check, MLB will reprioritize persons included in therapeutic follow-up group according to the priority process outlined below and initiate the more comprehensive review using the Community Compliance Review Tool.
6. A bulletin will be distributed widely to announce the project in the fall of 2014.
7. Individual letters will be prepared to be sent to each person, guardian, provider, county case manager, family and other team members to introduce their main BA contact person and other team members.
8. BA's will contact individuals by phone in the weeks before a first face-to-face visit to explain why they are coming and what to expect. The manager may assist with some contacts if there are barriers or issues that may arise.

Prioritization for Completion of Comprehensive Review

- Individuals known to be in crisis as referred by:
 - The Court Monitor
 - The Ombudsman
 - Family members and guardians
 - A county representative
 - A provider
 - DHS or MDH Licensing
 - Agencies within DCT
 - Citizens
 - The results of the Well Being Check of the therapeutic follow-up group
- Individuals previously supported by METO or MSHS-Cambridge who were or are known to historically need enhanced supports.
- Individuals who were admitted to METO or MSHS-Cambridge multiple times.
- Individuals who had the longest tenures of residence in METO or MSHS-Cambridge.
- Individuals who have been gone from METO and MSHS-Cambridge for the longest time without return.
- Individuals most recently discharged from MSHS-Cambridge

Current language for Action item including current date set for completion:
 DHS will maintain therapeutic follow up of Class Members, and clients discharged from METO/MSHS-Cambridge since May 1, 2011, by professional staff to provide a safety network, as needed, to help prevent re-institutionalization and other transfers to more restrictive settings, and to maintain the most integrated setting for those individuals. (Current deadline for completion – 8/31/2014)

Proposed language of Action Item including any timelines for completion:
 Proposed deadline for completion – November 30, 2014

Requesting Agency:	DHS Jensen Implementation Office
Contact Person and Phone Number:	Peg Booth 651.431.5776
Date Request submitted:	8/29/2014

COURT MONITOR DECISION: The request is made for good cause shown; it details actions to be taken under EC 98, rendering the effort more organized than the original language, and the delay sought is relatively minimal. **REQUEST GRANTED**, subject to the following:

- a. The Action Steps and Prioritization stated above will be included within, the Comprehensive Plan of Action Requirements.
- b. Within 20 days of this decision, DHS will format a revised EC 98, including this material submitted with this Request 2014-1, and will ADD deadlines for the 8 steps in the Action Steps above, and will submit the revised EC 98 to the Court Monitor for submission to the Court for approval.

Official Notices**Minnesota Department of Human Services (OHS)****Disability Services Division****NOTICE OF HEARING on Proposed Adoption of Rules Governing Positive Support Strategies, Person-Centered Planning, Limits on Use of Restrictive Interventions and Emergency Use of Manual Restraint, and Repeal of Rules Governing Aversive and Deprivation Procedures in *Minnesota Rules*, 9525.2700 to 9525.2810; Revisor's ID No. R-04213**

Public Hearing. The Department of Human Services intends to adopt rules after a public hearing following the procedures in the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2200 to 1400.2240, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.131 to 14.20. The agency will hold a public hearing on the above-named rules in the second floor conference rooms designated 2370 and 2380, Elmer L. Anderson Human Services Building, 540 Cedar Street, St. Paul, Minnesota 55155, starting at 9:00 a.m. on Monday, February 23, 2015, and continuing until the hearing is completed. The agency will schedule additional days of hearing if necessary. All interested or affected persons will have an opportunity to participate by submitting either oral or written data, statements, or arguments. Statements may be submitted without appearing at the hearing.

Administrative Law Judge. Administrative Law Judge Eric L. Lipman will conduct the hearing. Judge Lipman's Legal Assistant Denise Collins can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone: (651) 361-7900 and fax: (651) 539-0300 or e-mail: denise.collins@stau.mn.us. The rule hearing procedure is governed by *Minnesota Statutes*, sections 14.131 to 14.20, and by the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2000 to 1400.2240. You should direct questions about the rule hearing procedure to the administrative law judge.

Subject of Rules, Statutory Authority, and Agency Contact Person. The proposed rules are about the use of positive support strategies and person-centered planning techniques, establishing a process to phase out the use of restrictive interventions for the rare situation when such use may be temporarily and briefly authorized, and governing the emergency use of manual restraint. The new rules will apply to all facilities and services, including the home and community-based services licensed under *Minnesota Statutes*, Chapter 245D that are provided to persons with a disability or persons age 65 and older, and to all Department-licensed facilities and licensed services serving persons with a developmental disability or a related condition.

The Department also intends to repeal *Minnesota Rules*, 9525.2700 to 9525.2810, Use Of Aversive And Deprivation Procedures In Licensed Facilities Serving Persons With Developmental Disabilities. These rule parts govern the use of aversive and deprivation procedures now prohibited by *Minnesota Statutes*, Chapter 245D.

Official Notices

The proposed rules are authorized by *Minnesota Statutes*, section 245.8251, subdivisions 1 and 3.

A copy of the proposed rules will be published in the *State Register* on Monday, December 29, 2014, and is available online at http://www.dhs.state.mn.us/dhs16_189734.pdf.

A free copy of the rules is available upon request from the agency contact person.

The agency contact person is: Karen E. Sullivan Hook at Minnesota Department of Human Services, Management and Policy Division, P.O. Box 64238, St. Paul, MN 55155-0238, **phone:** (651) 431-5771, **fax:** (651) 431-7488, **e-mail:** dhsrulecomments@state.mn.us. TTY users may call MN Relay at 711 or 1-800-627-3529

Statement of Need and Reasonableness. The statement of need and reasonableness contains a summary of the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review or obtain copies for the cost of reproduction by contacting the agency contact person.

Public Comment. You and all interested or affected persons, including representatives of associations and other interested groups, will have an opportunity to participate. *The administrative law judge will accept your views* either orally at the hearing or in writing at any time before the close of the hearing record. Submit written comments *to the administrative law judge at the address above or to rulecomments@state.mn.us*. All evidence that you present should relate to the proposed rules. You may also submit written material *to the administrative law judge* to be recorded in the hearing record for five working days after the public hearing ends. At the hearing the administrative law judge may order this five-day comment period extended for a longer period but for no more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period during which the agency and any interested person may respond in writing to any new information submitted. No one may submit additional evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the administrative law judge no later than 4:30 p.m. on the due date. All comments or responses received are public and will be available for review at the Office of Administrative Hearings.

The agency requests that any person submitting written views or data to the administrative law judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

Modifications. The agency may modify the proposed rules as a result of the rule hearing process. It must support modifications by data and views presented during the rule hearing process. The adopted rules may not be substantially different than these proposed rules, unless the agency follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the agency encourages you to participate.

Adoption Procedure after the Hearing. After the close of the hearing record, the administrative law judge will issue a report on the proposed rules. You may ask to be notified of the date when the judge's report will become available, and can make this request at the hearing or in writing to the administrative law judge. You may also ask to be notified of the date that the agency adopts the rules and files them with the Secretary of State, or ask to register with the agency to receive notice of future rule proceedings. You may make these requests at the hearing or in writing to the agency contact person stated above.

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You should direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, **telephone:** (651) 539-1180 or 1-800-657-3889.

Order. I order that the rulemaking hearing be held at the date, time, and location listed above.

Dated: 15 December 2014

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Amendment of Notice of Hearing. A Notice of Hearing was published in the *State Register* on December 29, 2014, and it indicated that a copy of the proposed rule would be published in the *State Register* on that same date. The proposed rule did not appear in the *State Register* on that date, but was available on the Department website and the web address and link were provided in the Notice of Hearing. The Notice of Hearing is now amended to indicate that the proposed rule will be published in the *State Register* on Monday, January 12, 2015.

Statement of Need and Reasonableness. The statement of need and reasonableness contains a summary of the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. Public Comment. You and all interested or affected persons, including representatives of associations and other interested groups, will have an opportunity to participate. *The administrative law judge will accept your views* either orally at the hearing or in writing at any time before the close of the hearing record. Submit written comments *to the administrative law judge at the address above or to rulecomments.oah@state.mn.us*. All evidence that you present should relate to the proposed rules. You may also submit written material *to the administrative law judge* to be recorded in the hearing record for five working days after the public hearing ends. At the hearing the administrative law judge may order this five-day comment period extended for a longer period but for no more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period during which the agency and any interested person may respond in writing to any new information submitted. No one may submit additional evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the administrative law judge no later than 4:30 p.m. on the due date. All comments or responses received are public and will be available for review at the Office of Administrative Hearings.

The agency requests that any person submitting written views or data to the administrative law judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

Modifications. The agency may modify the proposed rules as a result of the rule hearing process. It must support modifications by data and views presented during the rule hearing process. 9544.0005 PURPOSE.

Chapter 9544 establishes methods, procedures, and standards to be used by providers governed by this chapter for the use of positive support strategies with persons receiving services. The purpose of these rules is to improve the quality of life of persons receiving home and community-based services or other licensed services by:

A. promoting community participation, person-centeredness, and an approach that focuses on supporting persons receiving services in the most integrated setting;

B. focusing on creating quality environments and lifestyles as primary responsibilities of license holders;

C. ensuring collaborative, team-based development of positive support strategies;

D. providing training to the person who receives services to improve the person's skills and facilitate the person's ability to meet self-identified goals;

E. increasing the person's self-determination abilities so the person may engage in community activity to the greatest degree reasonably attainable;

F. developing specific support programs that promote outcomes valued by the person, the person's family, and the community to help the person receiving services improve the person's quality of life;

G. ensuring people are free from humiliating and demeaning procedures;

H. eliminating all uses of aversive or deprivation procedures;

I. creating a consistent set of standards for license holders to respond to behavior when serving people across licensed services and settings; and

J. building staff knowledge and competence throughout a license holder's organization about the development and implementation of positive behavioral supports, person-centered planning, and community integration.

9544.0010 APPLICABILITY.

Subpart 1. **Applicability to providers licensed under Minnesota Statutes, chapter 245D.** This chapter applies to providers of home and community-based services to persons with a disability or persons age 65 and older governed by *Minnesota Statutes*, chapter 245D.

Subp. 2. **Applicability to other licensed services and settings.** This chapter applies to other licensed providers and in other settings licensed by the commissioner under *Minnesota Statutes*, chapter 245A, for services to persons with a developmental disability or related condition.

Subp. 3. **Related law.** This chapter must be read in conjunction with chapter 9525 and *Minnesota Statutes*, chapters 245, 245A, 245D, 252, 252A, and 256. License holders are subject to the requirements of this chapter and to all other applicable state and federal regulations

Proposed Rules

governing the provision of services provided by the license holder.

Subp. 4. **Standards governing the use of restrictive interventions.** Parts 9544.0060 and 9544.0070 shall supersede any standards in other state rules that govern the use of restrictive interventions.

9544.0020 DEFINITIONS.

Subpart 1. **Scope.** Except as provided in subpart 42, terms used in parts 9544.0005 to 9544.0140 have the meanings given in this part.

Subp. 2. **Aversive procedure.** “Aversive procedure” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 2b.

Subp. 3. **Behavior intervention report form.** “Behavior intervention report form” means the form prescribed by the commissioner to collect data in accordance with the requirements in *Minnesota Statutes*, section 245.8251, subdivision 2.

Subp. 4. **Case manager.** “Case manager” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 3.

Subp. 5. **Chemical restraint.** “Chemical restraint” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 3b.

Subp. 6. **Child with severe emotional disturbance.** “Child with severe emotional disturbance” has the meaning given in *Minnesota Statutes*, section 245.4871, subdivision 6.

Subp. 7. **Commissioner.** “Commissioner” means the commissioner of the Department of Human Services.

Subp. 8. **Crisis respite services.** “Crisis respite services” means in-home or out-of-home short-term care and intervention strategies provided to a person to address the person’s medical or behavioral needs so as to support the person’s caregiver and protect the person or others living with that person.

Subp. 9. **Cultural competence.** “Cultural competence” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 4e.

Subp. 10. **Deprivation procedure.** “Deprivation procedure” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 5a.

Subp. 11. **Developmental disability or related condition.** “Developmental disability or related condition” has the meaning given in part 9525.0016, subpart 2, items A to E.

Subp. 12. **Direct support staff.** “Direct support staff” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 6a.

Subp. 13. **Emergency use of manual restraint.** “Emergency use of manual restraint” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 8a.

Subp. 14. **Expanded support team.** “Expanded support team” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 8b.

Subp. 15. **External program review committee.** “External program review committee” means a committee appointed by the commissioner to fulfill the functions described in *Minnesota Statutes*, section 245.8251, subdivisions 3 and 4.

Subp. 16. **External qualified professional.** “External qualified professional” means a qualified professional who is not under the direction and control of the license holder and is not an employee of or a subcontractor used by the license holder to perform services subject to the requirements of this chapter.

Subp. 17. **Family foster care.** “Family foster care” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 8c.

Subp. 18. **Faradic shock.** “Faradic shock” means of or pertaining to a discontinuous, asymmetric, alternating or direct current from the second winding of an induction coil.

Proposed Rules

Subp. 19. **Forms and instructions.** “Forms and instructions” means the forms and instructions referenced in *Minnesota Statutes*, section 245D.06, subdivision 8, paragraph (a).

Subp. 20. **Functional behavior assessment.** “Functional behavior assessment” means an assessment that operationally defines the target behaviors, identifies the situations in which the target behaviors are likely to occur and not occur, and generates a hypothesis of why the behaviors occur. A functional behavior assessment must be conducted by a qualified professional and must consist of direct observation and one or more of the following elements:

A. an assessment of biological factors, such as a medical assessment or a dental assessment;

B. an assessment of psychological factors, such as a diagnostic assessment or a suicidality assessment;

C. an assessment of environmental factors, such as direct observation or interviewing a significant individual in the person’s life; and

D. an assessment of quality of life indicators based on the person’s goals and needs within each domain of a meaningful life.

Subp. 21. **Home and community-based services.** “Home and community-based services” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 10.

Subp. 22. **Interfering behavior.** “Interfering behavior” means a behavior or psychiatric symptom that prevents a person from engaging in a more integrated setting or from participation in the most integrated setting.

Subp. 23. **Legal representative.** “Legal representative” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 12.

Subp. 24. **Level program.** “Level program” means a type of program in which participants move up, and sometimes down, a hierarchy of levels contingent on meeting specific performance criteria with respect to target behavior. Moving up a level gains access to more privileges, and the person is expected to demonstrate more independence. Moving down a level reduces privileges and provides access to a smaller universe of opportunities.

Subp. 25. **License.** “License” has the meaning given in *Minnesota Statutes*, section 245A.02, subdivision 8.

Subp. 26. **License holder.** “License holder” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 15.

Subp. 27. **Manual restraint.** “Manual restraint” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 15a.

Subp. 28. **Mechanical restraint.** “Mechanical restraint” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 15b. Mechanical restraint includes use of an auxiliary device to ensure a person does not unfasten a seat belt in a vehicle. Mechanical restraint does not include:

A. use of a seat belt as required under *Minnesota Statutes*, section 169.686; or

B. use of a child passenger restraint system as required under *Minnesota Statutes*, section 245A.18, subdivision 1.

Subp. 29. **Medication.** “Medication” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 16.

Subp. 30. **Mental health mobile crisis intervention services.** “Mental health mobile crisis intervention services” has the meaning given in *Minnesota Statutes*, section 256B.0624, subdivision 2, paragraph (d).

Subp. 31. **Mental illness.** For an adult, “mental illness” has the meaning given in *Minnesota Statutes*, section 245.462, subdivision 20.

Subp. 32. **Most integrated setting.** “Most integrated setting” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 20a.

Subp. 33. **Normal goods and services.** “Normal goods and services” means a person’s normal access to a nutritious diet, drinking water, adequate ventilation, necessary medical care, ordinary hygiene facilities, normal sleeping conditions, or necessary clothing, in accordance with *Minnesota Statutes*, section 245D.06, subdivision 6, paragraph (b), clause (4), or to any protection required by state

Proposed Rules

licensing standards and federal regulations governing the program.

Subp. 34. **Outcome.** “Outcome” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 21a.

Subp. 35. **Pain.** “Pain” means physical pain, mental pain, or emotional distress.

Subp. 36. **Person.** “Person” means a person as defined under *Minnesota Statutes*, section 245D.02, subdivision 22, receiving home and community-based services, a person age 65 or older receiving home and community-based services, or a person with a developmental disability or related condition receiving services licensed under *Minnesota Statutes*, chapter 245A.

Subp. 37. **Person-centered planning.** “Person-centered planning” means a strategy used to facilitate team-based plans for improving a person’s quality of life as defined by the person, the person’s family, and other members of the community, and that focuses on the person’s preferences, talents, dreams, and goals. It is part of a family of approaches to organizing and guiding community change in alliance with people with disabilities and their families and friends.

Subp. 38. **Person with a disability.** “Person with a disability” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 23.

Subp. 39. **Physician.** “Physician” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 23a.

Subp. 40. **Positive support strategy.** “Positive support strategy” means a strengths-based strategy based on an individualized assessment that emphasizes teaching a person productive and self-determined skills or alternative strategies and behaviors without the use of restrictive interventions.

Subp. 41. **Positive support transition plan.** “Positive support transition plan” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 23b.

Subp. 42. **Program.** “Program” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 26. This subpart applies to parts 9544.0020, subparts 15, 33, and 46; 9544.0060, subpart 2, item U; 9544.0090, subpart 5; 9544.0110; 9544.0120; and 9544.0130.

Subp. 43. **Prone restraint.** “Prone restraint” has the meaning given in *Minnesota Statutes*, section 245D.061, subdivision 3, paragraph (a), clause (7).

Subp. 44. **Psychotropic medication.** “Psychotropic medication” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 27.

Subp. 45. **Punishment.** “Punishment” means a Type I or Type II action as described in items A and B.

A. Type I action means the contingent application of an aversive stimulus. “Aversive stimulus” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 2c.

B. Type II action means the contingent removal of a positive reinforcer. “Positive reinforcer” means a consequence or stimulus that is presented following a behavior and that causes the behavior to increase.

Subp. 46. **Qualified professional.** “Qualified professional” is defined separately for each type of service and license. Qualified professional means a professional described in items A to C; or a professional described in items D to J who has at least two years of work experience in writing or implementing positive support plans or treatment plans and has demonstrated in an assessment approved by the commissioner that the professional is competent to develop and implement positive support transition plans. For purposes of this subpart, treatment plan means a written document prepared by a licensed health professional that includes a description of the precise treatment goals and the measures or services identified to accomplish them. The following occupations are qualified professionals for the specified services and settings:

A. for residential facilities for adults with mental illness governed under parts 9520.0500 to 9520.0670, a licensed mental health professional as identified in *Minnesota Statutes*, section 245.462, subdivision 18;

B. for residential mental health treatment for children with severe emotional disturbance governed under parts 2960.0010 to

Proposed Rules

2960.0120 and parts 2960.0580 to 2960.0700, a licensed mental health professional as identified in *Minnesota Statutes*, section 245.462, subdivision 18, clauses (1) to (6);

- (8) any other residential or nonresidential program licensed under *Minnesota Statutes*, chapter 245A.

Subp. 47. **Quality of life indicator.** "Quality of life indicator" means a reportable or observable outcome that is measurable and important to the person. Quality of life indicators are used to assess beneficial changes desired by the person that enrich the person's life experiences.

Subp. 48. **Restraint.** "Restraint" has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 28.

Proposed Rules

Subp. 49. **Restrictive intervention.** “Restrictive intervention” means prohibited procedures identified in *Minnesota Statutes*, section 245D.06, subdivision 5; prohibited procedures identified in part 9544.0060; and the emergency use of manual restraint.

Subp. 50. **Seclusion.** “Seclusion” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 29.

Subp. 51. **Self-injurious behavior.** “Self-injurious behavior” means behavior of a person which results in damage to the person’s own body.

Subp. 52. **Service.** “Service” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 30.

Subp. 53. **Target behavior.** “Target behavior” means an observable behavior identified in a person’s individual plan as the object of efforts intended to reduce or eliminate the behavior.

Subp. 54. **Token reinforcement program.** “Token reinforcement program” means a program that requires a person to earn an outcome that is of value to the person. Tokens are earned or lost based on behavior. Tokens are traded in exchange for activities, events, goods, or services that may not otherwise be available to the person.

Subp. 55. **Trauma-informed care.** “Trauma-informed care” means an approach to engaging a person with a history of trauma that recognizes the presence of trauma symptoms and acknowledges the role that trauma has played in the person’s life.

Subp. 56. **Treatment.** “Treatment” has the meaning given in *Minnesota Statutes*, section 245D.02, subdivision 35a.

Subp. 57. **Variance.** “Variance” means written approval by the commissioner for a license holder or applicant to depart from the requirements of parts 9544.0005 to 9544.0140.

9544.0030 POSITIVE SUPPORT STRATEGIES AND PERSON-CENTERED PLANNING.

Subpart 1. **Positive support strategies required.** The license holder must use positive support strategies in providing services to a person. These positive support strategies must be incorporated in writing to an existing treatment, service, or other individual plan required of the license holder.

Subp. 2. **Positive support strategy standards.** To develop and implement positive support strategies, the license holder must:

A. assess the person’s strengths, needs, and preferences to identify and create a positive support strategy;

B. select positive support strategies that:

(1) are evidence-based;

(2) are person-centered;

(3) are ethical;

(4) integrate the person in the community;

(5) are the least restrictive to the person; and

(6) are effective;

C. use person-centered planning in accordance with *Minnesota Statutes*, section 245D.07, subdivision 1a, paragraph (b), clause (1);

D. promote the person’s self-determination in accordance with *Minnesota Statutes*, section 245D.07, subdivision 1a, paragraph (b), clause (2);

E. provide the most integrated setting and inclusive service delivery for the person in accordance with *Minnesota Statutes*, section 245D.07, subdivision 1a, paragraph (b), clause (3);

Proposed Rules

F. create a desirable quality of life for the person through inclusive, supportive, and therapeutic environments; and

G. use person-centered planning regarding the most integrated setting. The person-centered planning must:

(1) include life planning with the person placed at the center of the planning process and the person's preferences and choices reflected in the selection of services and supports;

(2) involve the person directly with the person's community, network of connections, and close personal relationships that build on the person's capacity to engage in activities and promote community life; and

(3) identify goals to support the person in the most integrated setting.

Subp. 3. Person-centered principles. The license holder must incorporate principles of person-centeredness in services it provides to a person. At least every six months, the license holder must evaluate with the person whether the services support the person's individual preferences, daily needs and activities, and the accomplishment of the person's goals in accordance with *Minnesota Statutes*, section 245D.07, subdivision 1a, paragraph (b), and whether the person-centered planning process complies with *Code of Federal Regulations*, title 42, section 441.725, paragraph (a)(1)-(4). Based upon the results of the evaluation, the license holder must determine whether changes are needed to enhance person-centeredness for the person, and, if so, make appropriate changes.

Subp. 4. Professional standards for positive support strategies. The license holder must use professional standards for positive support strategies that are fully consistent with this chapter. Examples of professional standards that a license holder may use as a resource to develop positive support strategies are stated in items A to F. When relying on one of the following professional standards, the license holder must use the most recently updated version of those standards:

A. the Association for Positive Behavior Support Standards of Practice;

B. the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration (SAMHSA) National Registry of Evidence-Based Programs and Practices;

C. SAMHSA Roadmap to Seclusion and Restraint Free Mental Health Services;

D. the Behavior Analyst Certification Board Guidelines for Responsible Conduct for Behavior Analysts;

E. the NADD Competency-Based Clinical Certification Program Competency Standard 1: Positive Behavior Support and Effective Environments; or

F. other standards approved by the commissioner that:

(1) have been peer-reviewed;

(2) are widely accepted as authoritative; and

(3) reflect current best practices.

9544.0040 FUNCTIONAL BEHAVIOR ASSESSMENT.

Subpart 1. Who must conduct. The license holder's qualified professional or an external qualified professional must conduct the functional behavior assessment. The license holder must verify and document that the qualified professional or external qualified professional conducting the assessment meets the applicable qualification requirements in part 9544.0020, subpart 16 or 46.

Subp. 2. When required. A functional behavior assessment is required when a qualified professional or external qualified professional develops or modifies a written intervention to change a target behavior.

Subp. 3. Required elements. To perform a functional behavior assessment, the qualified professional or external qualified professional must directly observe the person. The professional must select one or more of the elements listed in items A to D and evaluate whether the elements make the target behavior more or less likely to occur:

A. biological factors, identified through a medical assessment or a dental assessment;

Proposed Rules

B. psychological factors, identified through a diagnostic or suicidality assessment;

C. environmental factors, identified through direct observation or interviewing a significant individual in the person's life; and

D. quality of life indicators based on the person's goals and needs within the domains of a meaningful life. The professional must use the evaluation to generate a hypothesis about why the behavior occurs.

Subp. 4. **Scope of evaluation.** If the qualified professional or external qualified professional determines that the hypothesis about why the behavior occurs requires additional evaluation, the qualified professional or external qualified professional must evaluate additional elements listed in subpart 3 that were not previously considered, if any.

9544.0050 PERMITTED PROCEDURES.

Subpart 1. **Specific procedures permitted.** In addition to the procedures identified in *Minnesota Statutes*, section 245D.06, subdivision 7, that are permitted for use by license holders, the following procedures are permitted as approved by the expanded support team and, in the case of a child, the child's parent or parents:

A. positive verbal correction that is specifically focused on the behavior being addressed; and

B. temporary withholding or removal of objects being used to hurt self or others.

Subp. 2. **Documentation required.** The license holder must document a procedure approved under subpart 1.

9544.0060 PROHIBITIONS AND RESTRICTIONS.

Subpart 1. **General prohibitions.** The procedures identified in *Minnesota Statutes*, section 245D.06, subdivision 5, are prohibited and are governed by the requirements of that section and this chapter.

Subp. 2. **Specific prohibitions.** The actions or procedures listed in items A to Y are prohibited from use as a substitute for adequate staffing, for a behavioral or therapeutic program to reduce or eliminate behavior, as punishment, or for staff convenience:

A. using prone restraint, metal handcuffs, or leg hobbles;

B. using faradic shock;

C. speaking to a person in a manner that ridicules, demeans, threatens, or is abusive;

D. using physical intimidation or a show of force;

E. containing, restricting, isolating, secluding, or otherwise removing a person from normal activities when it is medically contraindicated or without monitoring the person;

F. denying or restricting a person's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the person's functioning. When the temporary removal of the equipment or device is necessary to prevent injury to the person or others or serious damage to the equipment or device, the equipment or device must be returned to the person as soon as possible;

G. using painful techniques, including intentional infliction of pain or injury, intentional infliction of fear of pain or injury, dehumanization, and degradation;

H. hyperextending or twisting a person's body parts;

I. tripping or pushing a person;

J. using punishment of any kind;

K. requiring a person to assume and maintain a specified physical position or posture;

Proposed Rules

L. using forced exercise;

M. totally or partially restricting a person's senses;

N. presenting intense sounds, lights, or other sensory stimuli;

O. using a noxious smell, taste, substance, or spray, including water mist;

P. depriving a person of or restricting access to normal goods and services, or requiring a person to earn normal goods and services;

Q. using token reinforcement programs or level programs that include a response cost or negative punishment component;

R. using a person receiving services to discipline another person receiving services;

S. using an action or procedure which is medically or psychologically contraindicated;

T. using an action or procedure that might restrict or obstruct a person's airway or impair breathing, including techniques whereby individuals use their hands or body to place pressure on a person's head, neck, back, chest, abdomen, or joints;

U. interfering with a person's fundamental rights, except as allowed by *Minnesota Statutes*, section 245D.04, subdivision 3, paragraph (c). For purposes of this item, "fundamental rights" means rights afforded in federal regulation or state licensing standards governing the program;

V. mechanical restraint, in accordance with *Minnesota Statutes*, section 245D.06, subdivision 5;

W. chemical restraint, in accordance with *Minnesota Statutes*, section 245D.06, subdivision 5;

X. manual restraint, except in an emergency in accordance with *Minnesota Statutes*, section 245D.061; and

Y. using any other interventions or procedures that may constitute an aversive or deprivation procedure.

Subp. 3. **Restrictions.** Restrictions on the use of procedures as identified under *Minnesota Statutes*, section 245D.06, subdivision 6, are governed by the requirements of that section and this chapter.

9544.0070 EMERGENCY USE OF MANUAL RESTRAINT.

Subpart 1. **Governing law and requirements.** Emergency use of manual restraint and the requirements for a positive support transition plan are governed by *Minnesota Statutes*, sections 245D.06, subdivision 8, and 245D.061, the requirements of this chapter, and the forms and instructions for the positive support transition plan.

Subp. 2. **Record keeping.** The license holder must retain documentation of emergency use of manual restraint or other documents required in this part in the person's permanent record for at least five years after creation of the documentation or other documents.

9544.0080 INFORMED CONSENT.

Subpart 1. **When informed consent is required.** At the time of service initiation, or when the license holder adopts or changes a policy about the emergency use of manual restraint, the license holder must obtain written informed consent before emergency use of manual restraint is implemented and must document that informed consent has been obtained. If the continued use of previously used restrictive interventions is temporarily permitted in accordance with the requirements in *Minnesota Statutes*, section 245D.06, subdivision 8, the license holder must obtain written informed consent authorizing the use of a restrictive intervention in the manner set out in the forms and instructions before using the restrictive intervention.

Subp. 2. **Authority to give consent.** The license holder must obtain written informed consent from the person receiving services, or from the person's legal representative acting within the scope of the legal representative's authority. When a person has a legal representative, the license holder must encourage the legal representative to consider the person's preferences.

Proposed Rules

9544.0090 STAFF QUALIFICATIONS AND TRAINING.

Subpart 1. Core training for staff. The license holder must ensure that staff responsible to develop, implement, monitor, supervise, or evaluate positive support strategies, a positive support transition plan, or the emergency use of manual restraint complete training from qualified individuals prior to assuming these responsibilities. Previous equivalent training approved by the commissioner fulfills these requirements.

Subp. 2. Function-specific training. In addition to the core training as required by subpart 1 and determining competency as required by subpart 4, the license holder must ensure that staff receive additional training based on their level of responsibility and qualifications, as set out in items A to E, prior to assuming these responsibilities. Previous equivalent training approved by the commissioner fulfills these requirements.

A. Direct support staff must complete four hours of additional training on the following:

- (1) permitted and prohibited procedures identified in *Minnesota Statutes*, section 245D.06, subdivisions 6 and 7;
- (2) the situations in which staff must contact 911 services in response to an imminent risk of harm to the person or others;
- (3) the procedures and forms staff must use to monitor and report use of restrictive interventions that are part of a positive support transition plan;
- (4) the procedures and requirements for notifying members of the person's expanded support team after use of a restrictive intervention with the person;
- (5) trauma-informed care, including information on the neurological, biological, psychological, and social effects of trauma and violence on an individual;
- (6) positive support strategies, such as positive behavioral supports and motivational interviewing;
- (7) desired, organization-wide adoption of positive support principles;
- (8) basics of behavior change;
- (9) cultural competence;
- (10) human relations and respectful communications;
- (11) personal accountability;
- (12) employee self-care and collegial care of colleagues; and
- (13) understanding diagnosis and medication.

B. Staff who implement positive support strategies must complete four hours of additional training on the following, at a minimum:

- (1) principles underlying positive support strategies;
- (2) the development and implementation of positive support strategies;
- (3) person-centered planning;
- (4) de-escalation;
- (5) use of positive support strategies;
- (6) relationship between behavior and a person's environment;
- (7) staff self-care after emergencies;

Proposed Rules

(8) collegial care;

(9) knowing how and when to communicate with the person's family;

(10) understanding diagnosis and medication; and

(11) when to use crisis resources.

C. Staff who develop positive support strategies must complete four hours of additional training on the following, at a minimum:

(1) positive support strategy theory training;

(2) behavior plan development under guided supervision;

(3) positive support strategy research and resources;

(4) supervision, including how to train, coach, and evaluate staff and communicate effectively; and

(5) continuing education requirements relevant to the field of the staff.

D. Staff who oversee the development and implementation of positive support strategies must complete four hours of additional training on the following, at a minimum:

(1) functional behavior assessment, also known as functional assessment;

(2) how to apply person-centered planning;

(3) the relationship between behavior and biology;

(4) how to integrate disciplines to develop plans;

(5) how to design and use data systems to measure effectiveness of care; and

(6) information about resources of the human services system, its procedures, and specific roles in the local system.

E. License holders, executives, managers, and owners in nonclinical roles must complete four hours of additional training on the following, at a minimum:

(1) outcomes they and their staff are responsible to achieve;

(2) clarity between the roles of clinical staff and nonclinical staff;

(3) how to include staff in organizational decisions;

(4) where providers can access additional resources on positive support strategies and person-centered planning;

(5) management of the organization based upon person-centered thinking and practices; and

(6) person-centered thinking at the organizational level and how to address it in the organization.

Subp. 3. Annual refresher training. The license holder must ensure that staff complete four hours of refresher training on an annual basis covering each of the training areas listed in subpart 2 that are applicable to the staff and their responsibilities.

Subp. 4. Determining competency of the staff. The license holder must ensure that staff demonstrate competency through knowledge testing or observed skill assessment conducted by a trainer or instructor as required in items A to C.

A. Before implementing positive support strategies, the staff must demonstrate competency to perform the positive support strategies relevant to the primary disability, diagnosis, or interfering behavior of the person in the manner described in the documentation

Proposed Rules

required by part 9544.0030, subpart 1.

B. Before implementing restrictive procedures permitted in accordance with the requirements of this chapter, the staff must demonstrate competency to safely and correctly perform the specific restrictive interventions relevant to the person's primary disability, diagnosis, or interfering behavior included in the positive support transition plan in the manner described in the plan.

C. Any time a change is made to the relevant content in the positive support transition plan or the restrictive intervention identified in the plan, the staff must review, receive instruction, and demonstrate competency on the requirements in items A and B.

Subp. 5. **Documentation.** The license holder must document completion of core training, additional training, and competency testing or assessment for each staff in the personnel record. The license holder must document the date the training, testing, or assessment was completed; the number of training hours per subject area; and the name and qualifications of the trainer or instructor. The license holder must also verify and maintain evidence of staff qualifications in the personnel record, including documentation of the following:

A. education and experience qualifications relevant to the staff's scope of practice, responsibilities assigned to the staff, and the needs of the general population of persons served by the program; and

B. professional licensure, registration, or certification, when applicable.

9544.0100 DOCUMENTATION AND RECORD KEEPING REQUIREMENTS.

Subpart 1. **Documentation of use of positive support strategies.** Except as provided in subpart 2, the license holder must document compliance with the requirements of this chapter. The license holder must comply with the positive support strategy documentation requirements in part 9544.0030, subpart 1. The license holder must maintain appropriate data that:

A. reveals the progress or lack of progress towards each outcome or goal for each person;

B. ensures that staff are accountable for the services provided to the person; and

C. ensures that services can be evaluated and monitored by the license holder and the commissioner.

Subp. 2. **Exemption.** A license holder providing family child care, family foster care, or family adult day services is exempt from the requirements to document general positive support strategy activities for children and adults for whom a positive support transition plan is not required, including the documentation requirements in part 9544.0030, subpart 1.

Subp. 3. **Documentation of outcomes.** The license holder must document the progress or lack of progress towards each outcome or goal for each person, including the progress or lack of progress on quality of life indicators.

Subp. 4. **Record keeping.** The information required in this part must be retained in the person's permanent record for at least five years from the creation or collection of the information.

9544.0110 REPORTING USE OF RESTRICTIVE INTERVENTIONS AND INCIDENTS.

License holders must use the behavior intervention report form required by the commissioner to report the following to the commissioner:

A. an emergency use of manual restraint;

B. a medical emergency occurring as a result of the use of a restrictive intervention with a person that leads to a call to 911 or seeking physician treatment or hospitalization for a person;

C. a behavioral incident that results in a call to 911;

D. a mental health crisis occurring as a result of the use of a restrictive intervention that leads to a call to 911 or a provider of mental health crisis services as defined in *Minnesota Statutes*, section 245.462, subdivision 14c;

E. an incident that requires a call to mental health mobile crisis intervention services;

F. a person's use of crisis respite services due to use of a restrictive intervention;

Proposed Rules

G. use of pro re nata (PRN) medication to intervene in a behavioral situation. This does not include the use of a psychotropic medication prescribed to treat a medical symptom or a symptom of a mental illness or to treat a child with severe emotional disturbance;

H. an incident that the person's positive support transition plan requires the program to report; or

I. use of a restrictive intervention as part of a positive support transition plan as required in the plan.

9544.0120 QUALITY ASSURANCE AND PROGRAM IMPROVEMENT.

A license holder must adopt a program improvement process to assess the ongoing implementation of positive support strategies and person-centered planning and to identify program strengths and opportunities for improvement. The license holder must perform these activities at least every six months. Upon review of the information, the license holder must take action to remedy problems or concerns identified in the positive support strategies and person-centered planning program. The license holder must document program improvement activities and submit process and outcome data as requested by the commissioner.

9544.0130 EXTERNAL PROGRAM REVIEW COMMITTEE.

Subpart 1. **Appointment.** The commissioner shall appoint members to an external program review committee to monitor the implementation of this chapter.

Subp. 2. **Membership.** The commissioner must select committee members based on their expertise and knowledge on the use of positive support strategies as alternatives to the use of restrictive interventions. The committee shall include an expert in positive support strategies; a mental health professional as defined in *Minnesota Statutes*, section 245.462; a licensed health professional as defined in *Minnesota Statutes*, section 245D.02, subdivision 14; and a representative of the Department of Health.

Subp. 3. **Duties and responsibilities.** The external program review committee shall monitor implementation of this chapter, make recommendations to the commissioner about policy changes related to the requirements in this chapter, and make recommendations to the commissioner to approve or deny requests for emergency use of procedures in accordance with *Minnesota Statutes*, section 245.8251, subdivision 4. The committee shall:

A. review requests made in accordance with the requirements of *Minnesota Statutes*, section 245D.06, subdivision 8, paragraph (b), for emergency use of procedures that have been part of an approved positive support transition plan when necessary to protect a person from imminent risk of serious injury as defined in *Minnesota Statutes*, section 245.91, subdivision 6, due to self-injurious behavior, and make a recommendation to the commissioner to approve or deny these requests. The committee must establish criteria on which to base approvals and denials, and must include in an approval the additional terms or conditions that the license holder must meet specific to that approval, if any;

B. review requests for use of a prohibited procedure that is not specifically permitted by part 9544.0050, or specifically prohibited by part 9544.0060, and make a recommendation to the commissioner to approve or deny these requests based on criteria established by the committee;

C. evaluate the programs and systems of a license holder making a request under item A or B to ascertain the license holder's overall capacity to serve persons who are the subject of the request; and

D. review each reported emergency use of manual restraint and the license holder's response to the emergency use for the person. The commissioner must identify criteria that the external program review committee will use to evaluate the license holder's response. If the committee determines that a change is needed to reduce the frequency or duration of future emergency uses by the license holder, the external program review committee must provide guidance to the license holder about its response.

Subp. 4. **Number of external program review committees.** The commissioner may designate more than one external program review committee based on the number of requests for emergency use of procedures reviewed by the interim review panel under *Minnesota Statutes*, section 245.8251, subdivision 4. The criteria used to review requests according to subpart 3, items A and B, must be uniform across committees.

9544.0140 VARIANCES.

A license holder subject to *Minnesota Statutes*, chapter 245A, may request a variance to a requirement in this chapter from the commissioner according to *Minnesota Statutes*, section 245A.04, subdivision 9.
