

Vision

System of support and services that ensures that people with disabilities:

- Live as independently as possible in their homes and communities.
- Participate in daily activities that are meaningful to them.
- Have a safe place to live
- Lead as healthy lives as possible.

Vision

- Have meaningful relationships with friends and family.
- Have jobs that provide benefits and a living wage.
- Have control over decisions that most affect their lives.

Values

We believe that people with disabilities are important and valuable in Minnesota's communities. They are family members, neighbors, friends, workers, students, volunteers, homeowners and active community members.

Based on this belief, we value:

Values

- Clarity and simplicity for consumers at the point of service.
- Self-determination and personal responsibility.
- Accurate and timely information so that people can make informed and meaningful choices.
- Accountability for ourselves, providers, local agencies and consumers.

Values

- Flexibility and innovation.
- Consumer and community involvement in the development of policy and the implementation of programs and supports.
- Advocating for sound public policy.
- Services and supports are integrated and interconnected.
